Provider Description

Information provided by the provider describing their agency:

Milestones Behavioral Services, Inc. ("MBS") is dedicated to improving the lives of individuals with Autism and their families. Our Mission is to enable individuals to become active participants and contributing members of their families and communities; and for each student to live their lives in the least restrictive environment, now and across their lifespan.

This Adult Services Program is built upon the premise that individuals of all ages and skill levels can continue to learn throughout their lifetime. The program is designed to provide adults with autism the opportunity to continue to expand upon existing skills, develop new skills, and encounter new experiences upon entering adulthood. Individuals in the program participate in meaningful experiences designed to benefit them in all aspects of their lives. The goal is to maximize strengths and limit obstacles that limit each individual's ability to live life in the least restrictive environment with the least amount of support necessary. The Adult Services Program focuses on enhanced daily living skills, community experiences, recreation and social skills development in addition to providing supported employment opportunities.
