**Provider Description****Information provided by the provider describing their agency:**

At Whispering Brook Farm and Arts Studio students will connect the academics of reading, math and science while being engaged in Art, Animal and Nature activities. Many educational accommodations are now moving towards creative alternatives that apply and connect uniquely with the students. The art, agi- nature nurture learning is very successful as our current young people lack environmental, social, and personal skills that came naturally in other generations.

The unique experience at Whispering Brook Farm and Arts Studio is extremely beneficial to all populations, implementing knowledge and skills into their lives. The setting fosters an environment for progressive learning. The non-verbal modalities help creates relationships with people, animals and life. These specially designed teachings reassure continued personal and academic development.

Karen J. Yarosh: The facilitator, owner, and operator of Whispering Brook Farm and Arts Studio develops and teaches group and individual classes defining specific goals as needed. She works with the top agencies in the area receiving referrals and creating supportive programs.

Contact Karen at [www.whisperingbrook.org](http://www.whisperingbrook.org) to schedule classes (maximum 10-12 students) and to receive information. Please include your school, contact name and phone number, age of students, accommodation needs, preference for Monday or Friday morning or afternoon sessions, if known, and any other questions. I will contact you to discuss the goals you are working toward and the specific needs of your students
