### Provider Description

**Information provided by the provider describing their agency:**

Zone of Empowerment is a person-centered service agency committed to supporting individuals with developmental disabilities through compassionate, inclusive, and empowering care. Built on the belief that every person has the right to live a meaningful and self-directed life, we provide individualized supports that promote independence, personal growth, and full participation in the community.

Our agency offers a range of services. Currently we have openings for Individualized Day (IDN); In-Home Support (IHS) and Individualized Supported Employment (ISE) life-skills development, community integration, employment readiness, and transportation. Each service is designed around the individual’s strengths, preferences, cultural identity, and long-term goals. We collaborate closely with individuals, families, guardians, and interdisciplinary teams to ensure that every plan reflects the person’s voice, values, and aspirations.

Zone of Empowerment is dedicated to upholding all Connecticut DDS standards, including all requirements, safety protocols, and person-centered practices rooted in dignity, respect, and informed choice. Our team consists of highly trained professionals skilled in positive behavior supports, communication strategies, multicultural awareness, and trauma-informed care. We also offer multilingual support to ensure equitable access for individuals and families of diverse linguistic backgrounds.

We believe empowerment is achieved through consistent support, meaningful relationships, and opportunities to learn, work, and contribute. By creating safe, inclusive, and engaging environments, we help individuals build confidence, develop essential life skills, strengthen community connections, and pursue the life they envision.

At Zone of Empowerment, LLC, our purpose is simple: to empower every individual to grow, participate, and thrive with dignity and confidence—at home, in the community, and throughout every stage of life.
