

To All Elected officials.

I am Phil Bartlett, I live at Stafford Rd. group home with three other housemates. It has been over 25 yrs since I call this place "HOME". My home is where I feel safe and comfortable with the services being provided to me around the clock. The staff here knows me well and they are now my family. I don't want to move, I don't want to lose my housemates, I don't want to lose my staff, CAN YOU HEAR ME?!. MY LIFE MATTERS TOO!. Please return my Happy Days without crying, Days without fear, Days without feeling worthless and bullied, Days that I do my required programs with a smile. I invite all of you to come witness my lifestyle, It is simple, basic yet functional and fulfill all my needs. I Beg all of you in plain English to give me my life back before it's too late.

Phil. Bartlett.
