CONNECTICUT FIRE ACADEMY

2  25
TRAINING CALENDAR

A LETTER FROM THE DIRECTOR OF TRAINING

Dear Fire Service Professionals,

I am pleased to present our 2025 classes, brought to you by our dedicated instructors and staff at the Connecticut Fire Academy. In alignment with our commitment to leveraging technology for enhanced learning, we have continued our transition to a fully electronic class calendar, integrated with the Acadis Learning Management System.

Within this publication, you will find all the key information you need to enroll in premier fire service education. The Connecticut Fire Academy is proud to offer state-of-the-art training led by the most skilled and knowledgeable instructors in the state. With thousands of years of combined experience across departments of all sizes, our instructors bring unmatched expertise to deliver the highest quality training tailored to meet the needs of every department.

The fire service is constantly evolving, and the Connecticut Fire Service plays a critical role in protecting the lives and property of those within our 3.5 million acres. Through continual training and education, our firefighters are prepared to respond to a wide range of emergencies and challenges that may arise in their communities.

At the CT Fire Academy, we are dedicated to providing a comprehensive range of education, from foundational training and certification-based programs to skill enhancement and mastery courses. This commitment ensures that firefighters of all ranks are well-equipped to meet the demands of the job and provide the best possible service to the public.

For 2025, we are excited to introduce several new training opportunities, including:

- Fire Dynamics
- FAAC Pump Simulator
- Advanced All In One Forcible Entry
- UTV Operator Training
- FLAIM VR Simulator
- Conex box Training system

Additionally, we are close to launching our all-new Emergency Medical Services, Executive Leadership Program. Lastly in 2025 we will be working to enhance our technical rescue offerings by creating a new Tower Rescue Certification Program.

These advanced training tools combine cutting-edge technology with real-world scenarios to provide immersive, cost-effective, and safe training environments. The FLAIM system is an excellent resource for both firefighter training and community engagement and recruitment efforts.

While our 2025 calendar highlights a wide array of training options, please remember that we are always available to customize courses to meet the specific needs of your department. Whether you're looking for specialized training or need a tailored program, we are here to support your unique requirements.

On behalf of our staff and instructors, it is our honor to continue delivering the highest quality emergency service education. We look forward to working with you throughout 2025 and beyond, as we uphold our shared commitment to excellence in the fire service.

Thank you for your continued dedication and service.

Best regards,

P.J. Norwood
Director of Training
Connecticut Fire Academy

WEATHER CANCELLATIONS

For weather cancellation information call the Connecticut Fire Academy Weather Cancellation Hotline updated at 6:30 am 860-627-6363 or 877-528-3473 ext. 450.

Cancellation information will also be available via television on WFSB Channel 3, WTNH Channel 8, and WVIT Channel 30 the morning of the class. CPAT Test Status Hotline 860-627-6363 or 877-528-3473 ext. 415.

Department of Emergency Services and Public Protection Commissioner - Ronnell Higgins

CFA Refund Policy

Please note that some locations, times, and dates are subject to changes without notice. Registered students will be notified through Acadis if any changes occur.

Seating is limited for many Connecticut Fire Academy programs. If you need to withdraw from a class utilize the Acadis Portal. Log into the Acadis Portal, navigate to the class and cancel your registration. Please withdraw as soon as possible so your refund can be processed in a timely manner, but your seat can be offered to someone on the waiting list.

Students canceling at least seven days in advance of a program will receive a full refund. Special exceptions may be applied under the direction of the State Fire Administrator and/or the Director of Training. Please note that refunds may take up to 30 Days.

CPAT Refund Policy

The CPAT 5-day testing fee is \$175.00 and the CPAT Special Session (test day only) fee is \$125. If you need to withdraw from a class utilize the Acadis Portal. Log into the Acadis Portal, navigate to the class/ CPAT session and cancel your registration.

This communication must be received at least two days prior to the candidate's first scheduled orientation. Requests for refunds received on or after the candidate's first orientation date will not be considered. Special exceptions may be applied under the direction of the State Fire Administrator and/or the Director of Training. Please note that refunds may take up to 30 Days.

IMPORTANT ACADIS INFORMATION

Acadis is the program we are using for tracking student records, registration and certification testing activities. Any user MUST have an active account. To create an account, go to cfa.acadisonline.com and click on Web Forms on the right hand side. From there you can fill out the **Request a CFA User Portal Account** form to create an account.

CONNECTICUT FALLEN FIREFIGHTERS MEMORIAL

Located on the grounds of the Connecticut Fire Academy in Windsor Locks, stands the Connecticut Firefighters Memorial dedicated to Connecticut Firefighters who have lost their lives in the line of duty.

The Memorial was first envisioned in 1992 with the establishment of a Memorial Committee by the Connecticut State Firefighters Association. A ground breaking was held on June 12, 2001. The Memorial is the first of its kind in the state honoring Connecticut Firefighters who gave the ultimate sacrifice. There are currently 356 names engraved on the granite panels that surround the Memorial. The design of the Memorial was conceived by the Connecticut Firefighters Memorial Committee incorporating a plaza-like setting, featuring a brick patio in the form of the Maltese Cross, the universal symbol of the fire service. The centerpiece of the Memorial is a six foot by twelve-foot polished impala black granite stone bearing the likeness of four firefighters fighting a blaze; Retired Deputy Chief Paul Walsh of the New Britain Fire Department designed the artist’s rendition of the fire-fighters. The centerpiece rests upon a base of concrete and gray granite to which are affixed plaques with the engraved names of those who have lost their lives. The plaques are numbered with roman numerals to ease the task of locating names. Atop the base, in front of the centerpiece is an eternal flame to acknowledge and honor this group of brave and noble firefighters.

Surrounding the centerpiece are eight granite sitting benches representing the eight counties in Connecticut. On September 25, 2011, the Memorial site saw the addition of a steel artifact from the World Trade Center. The nearly twelve foot tall beam weighing 1200 pounds is a lasting memorial to the 343 FDNY firefighters, other first responders and civilians who perished as a result of the terrorist attacks on September 11, 2001.

The 2025 CSFA Fallen Firefighters Memorial Ceremony is scheduled for **Sunday, September 28, 2025**, and the annual memorial fundraiser dinner is November 7, 2025. Please attend and honor Connecticut's Bravest!

The Memorial Site is accessible 24 hours a day for the public to pay tribute to Connecticut’s Fallen.

For more Information for donations and upcoming Memorial events please go to The Connecticut Firefighter's Memorial Web site, <https://ctffm.net/>

CPAT

CPAT (All testing done at CPAT Center Meriden, CT located at 2014 North Broad Street)

Orientation & Physical Conditioning

The Candidate Physical Ability Test (CPAT) consists of eight separate events. CPAT is a sequence of events requiring you to progress along a predetermined path from event to event in a continuous manner. The events include: Stair Climb, Hose Drag, Equipment Carry, Ladder Raise and Extension, Forcible Entry, Maze Search, Victim Drag and Ceiling Breach and Pull. This test was developed to allow fire departments to obtain pools of trainable candidates who are physically able to perform essential job tasks on the fire scene. This is a pass/fail test based on a validated maximum total time of 10 minutes and 20 seconds.

During the events, you wear a 50-pound vest to simulate the weight of a self-contained breathing apparatus (SCBA) and firefighter protective clothing, a helmet and gloves. An additional 25 pounds, using two 12.5- pound weights which simulate a high-rise pack (hose bundle), is added to your shoulders for the stair climb event only. Throughout all events, you must wear long pants, footwear with no open heel or toe, a provided hard hat with chinstrap, and provided work gloves. Watches and loose or restrictive jewelry are not permitted. All props are designed to obtain the necessary information regarding your physical ability. The tools and equipment were chosen to provide the highest level of consistency, safety and validity in measuring your physical abilities. The events and distances between events are always the same.

The events are placed in a sequence that best simulates fire scene events while allowing an 85-foot walk between events. To ensure the highest level of safety and to prevent exhaustion, no running is allowed between events. This walk intentionally allows you approximately 20 seconds to recover and regroup before each event.

The history of Candidate Physical Ability Testing in Connecticut has shown beyond a doubt that preparation is the key to success. CPAT is extremely demanding. CPAT tests your strength, agility, balance and ability to follow directions while under physical and emotional stress. Many have made the error in believing they can pass without proper preparation. The Connecticut Fire Academy is required to offer detailed Orientations and two Practice Tests prior to the administration of CPAT. The orientations include a review of all materials within the Candidate Guide booklet. More importantly, the orientations give the candidate the opportunity to perform a self-evaluation by physically reviewing and using the same equipment used in the testing process. The Practice Tests allow candidates to run the test course under timed conditions. If the Practice Test is conducted under “CPAT Conditions” and the candidate passes, it will be counted as passing CPAT. Attending the orientations and practice tests is highly recommended. The CPAT certificate has a date of completion but does NOT have an expiration date. The hiring authority for the fire department you are applying to will set the expiration for applicants with a CPAT certificate. This can range from 6 months to two years from the date of application, exam or job offer. Please consult the job posting for the department you are applying to for specific requirements.

To allow for the required eight week CPAT preparatory period as well as the time to process the CPAT applications, all applications must be received at least five days prior to the testing cycle starting. Applications received after that will not be accepted and you will not be able to test during that cycle. Those who have been accepted into the CPAT testing process will receive a confirmation email that lists the dates and times for their orientations, practice tests and the CPAT test. If you do not receive this Email within two weeks following your application, it is your responsibility to contact the Connecticut Fire Academy immediately to verify you are registered and that we have your correct contact information. Inquiries made after the testing cycle begins will not be acted on and you will not be allowed to participate in that CPAT testing cycle.

Please refer to our website at www.ct.gov/cfpc for a listing of the CPAT application details and for the link to apply. **Only online applications will be accepted. It is also highly recommended that you download and review the Candidate Preparation Guide and the Candidate Orientation Guide.**

The CPAT 5-day testing fee is \$175.00 and the CPAT Special Session (test day only) fee is \$125. If you need to withdraw from a class utilize the Acadis Portal. Log into the Acadis Portal, navigate to the class/CPAT session and cancel your registration. This communication must be received at least two days prior to the candidate’s first scheduled orientation. Requests for refunds received on or after the candidate’s first orientation date will not be considered. Special exceptions may be applied under the direction of the State Fire Administrator and/or the Director of Training. Please note that refunds may take up to 30 Days.

CPAT Cancellations by the Connecticut Fire Academy

CPAT may be cancelled due to a number of conditions affecting testing. The main reason for cancellation is adverse weather. The weather can be very unpredictable, do not rely on your local weather reports, as the conditions may be different at the test site. It is highly recommended that you call 860-264-9240 prior to traveling to the testing site. There will be a pre-recorded message stating that the test is either running or has been cancelled. Unfortunately, the test can be cancelled at the last minute. If you are traveling a long distance we encourage you to call extension 415 several times during your travel.

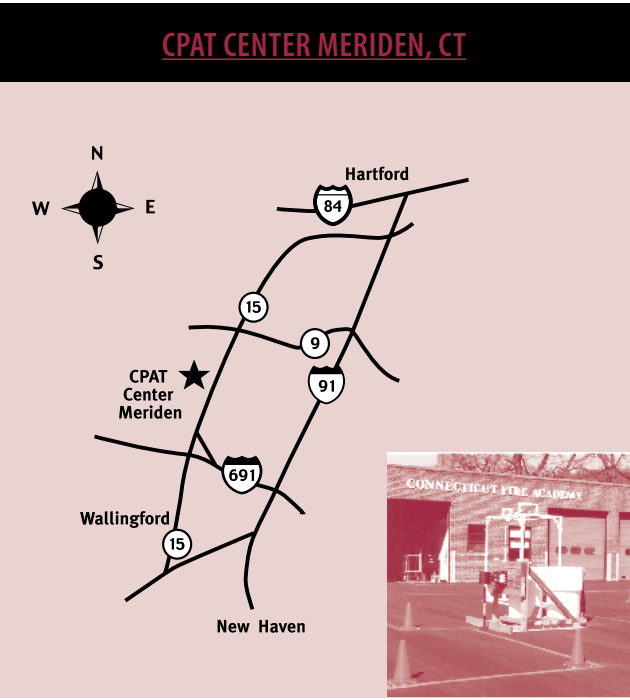

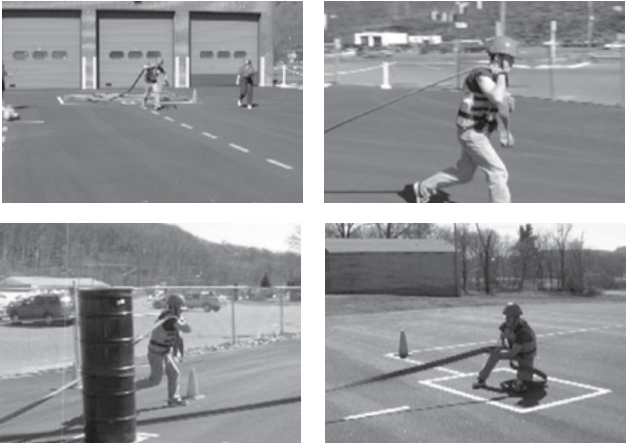

If the CPAT test is cancelled you will receive an Email stating so and you will be notified of the rescheduled CPAT test date. Except for test cancellations as indicated above your assigned practice tests and CPAT test will not be rescheduled for any reason. You will not be able to change your dates after you have registered.

Watch the CFA List Serve for information about special sessions that may be offered during the summer.

2025 CPAT SCHEDULE
Registration for the Spring 2025 sessions opens on the Acadis learning portal on February 1, 2025. The scheduled testing dates are listed below. More sessions will be added as the initial dates fill up.
Group 1 / Weekend 5-day session March 15 (orientation 1), March 29 (orientation 2), April 12 (practice #1), April 26 (practice #2) and May 10 (final CPAT)
Group 3 / Weekday 5-day session March 13 (orientation 1), March 27 (orientation 2), April 10 (practice #1), April 24 (practice #2) and May 9 (final CPAT)
Weekend Special Sessions (Test days only) — Session #2 (April 5th), Session #4 (May 17th)
Weekday Special Sessions (Test days only) — Session #1 (April 4th), Session #3 (May 16th) To register for the CPAT sessions, you must set up an Acadis portal account at http://cfa.acadisonline.com .

Watch the CFA website for future information regarding online registration for CPAT.

NATIONAL PROFESSIONAL QUALIFICATIONS STANDARDS

The State of Connecticut Commission on Fire Prevention and Control is pleased to offer Fire Service Certification to the members of Connecticut’s fire service. Certification is an excellent means by which an individual may measure his/her knowledge, skills, and abilities against a national standard.

As indicated below, the Commission currently offers 28 levels of certification. The National Fire Protection Association Professional Qualifications Standard against which the examination is based is noted below. The Commission has adopted the most current edition of the noted Standards as the Standards for Certification.

The certification examination process for each level consists of a written and a practical skills examination. The levels of Firefighter I and Firefighter II also require verification of live fire suppression activities.

All of the Commission’s Certification levels have been accredited by the National Board on Fire Service Professional Qualifications and the International Fire Service Accreditation Congress.

This summary is designed to provide an overview of the Commission on Fire Prevention and Control’s Certification Process. For more detailed information, including the specific examination requirements for each level, please contact the Certification Division at (860) 264-9225.

INDEMNIFICATION OF INSTRUCTORS

Be it enacted by the Senate and House of Representatives in General Assembly convened:

Section 1. Section 7-323q of the general statutes is repealed and the following is substituted in lieu thereof (Effective October 1, 2010):

The state shall save harmless and indemnify any person certified as a fire service instructor by the Commission on Fire Prevention and Control under section 7-323l from financial loss and expense, including legal fees and costs, if any, arising out of any claim, demand, suit or judgment by reason of alleged negligence or other act resulting in personal injury or property damage, which acts are not wanton, reckless or malicious, provided such person, at the time of the acts resulting in such injury or damage, was acting in the discharge of such person's duties (1) as an employee or member of a municipal, state or tribal nation fire department to provide fire service training and instruction for the other members or employees of such municipal, state or tribal nation fire department, (2) as a fire service instructor employed by said commission to provide fire service training and instruction on behalf of said commission, or (3) as a fire service instructor employed by a regional fire school to provide fire service training and instruction on behalf of such school.

Candidates must meet all prerequisites prior to applying for examination		
As of December 2023		
NFPA Standard	Certification Title	Prerequisite

470 2022 Edition	Hazardous Materials Safety Officer	Hazardous Materials Technician

Written Certification Exam Scheduling

Certification testing will continue using the same system as in 2023. Written exam dates will be scheduled at various locations and dates each month, and these will be listed on the website at ct.gov/cfpc under the certification tab. When a student completes any certification course and his or her record is updated, he or she will be able to register to take the final written exam and any available upcoming date and location. In most classes, you will choose your written exam date on the first or second day of class. Day Exams begin at 9:30 am and evening exams begin at 7:00 pm. Be sure you arrive about one half hour early to ensure you can sign in prior to the exam starting.

Locations and Addresses

Connecticut Fire Academy	34 Perimeter Rd	Windsor Locks, CT
Danbury Fire Department	23 Plumtrees Rd	Danbury, CT
Eastern CT Fire School	1 Fire School Rd	Willimantic, CT
Fairfield Regional Fire School	205 Richard White Way	Fairfield, CT
Litchfield Country Fire School	606 Burr Mountain Rd	Torrington, CT
New Haven Fire School	230 Ella Grasso Tpk	New Haven, CT
Wolcott Regional Fire School	777 Boundline Rd	Wolcott, CT

The Training Division of the State of Connecticut Department of Emergency Services and Public Protection/Commission on Fire Prevention and Control has streamlined the process by which individuals may participate in certain training programs by eliminating as training prerequisites certification examination requirements. The responsibility for ensuring that individuals are qualified to participate in a certification examination now shifts from the Training Registrar to the individual certification candidate. Candidates for Certification are now personally required to ensure that they have met all prerequisites prior to submitting an examination application and are required to submit any required documentation prior to the examination. Failure to do so will result in rejection of the examination application. After 12 months of completing a class candidates must restart the Certification process if they have not yet taken and/or passed all testing requirements for that course.

Additionally, State of Connecticut Regulations require that candidates for certification be 18 years of age and be a member of a fire department with the exception of Public Fire & Life Safety Educator I, Youth Fire Setter Intervention Specialist I and Health and Safety Officer which allow direct entry into those levels. A recent policy change by the Commission on Fire Prevention and Control will permit individuals, at least 17 years of age, to complete testing requirements for Firefighter I certification. Certification will become valid upon turning 18 years of age.

CERTIFICATION DIVISION
ACCOMMODATIONS FOR CANDIDATES WITH LEARNING/READING
DISABILITIES PARTICIPATING IN WRITTEN CERTIFICATION
EXAMINATIONS
FOR FIREFIGHTER I ONLY

- I. General Policy

A. In accordance with Section 7-323l-95 (d) of the Regulation of the State of Connecticut, all examinations and/or components of examinations shall be structured and administered in accordance with the Americans with Disabilities Act. The Certification Division will make reasonable accommodations to the known learning/reading disabilities of candidates to the extent feasible. Accommodating the individual handicapped candidate's needs while maintaining the integrity of the certification testing process will be of primary consideration.
- II. Reasonable Accommodations

Reasonable accommodations to be made in test administration are specified below in Section V. One or a combination of accommodations may be necessary for individual candidates according to their needs and the requirements of the test material to be presented to them. The Director of Certification may allow other accommodations on a case-by-case basis.
- III. Documentation

Each candidate requesting accommodations that effect actual test conditions will be required to furnish documentation supporting the accommodation(s) requested. Documentation must be sent to the Director of Certification. The proper individual examination application form and testing fees must accompany the above documentation. All documentation submitted shall remain confidential.
- IV. Testing Location

Administration of examinations for individuals with accommodation will be at the offices of the Commission on Fire Prevention and Control in Windsor Locks.

- V. Accommodation Options

The following are the accommodation options which may be afforded to the candidate. Other accommodations may be made available to the candidate based upon the individual needs. The Commission may or may not be fiscally responsible for accommodations made.

 - A. Additional time
 - B. Individual monitor or special attention to assure the candidate has understood instructions
 - C. Oral examination
- IV. Exception

The expectation for a first responder will be to read and write in American English at Hazardous Materials incidents. Therefore, no accommodations can be made during any hazardous materials Awareness, Operational or Technician Level cognitive or psychomotor Certification examination.

- CT Certification on the Web

Please refer to the Certification Division Page of the CFPC website at <http://www.ct.gov/cfpc> for up-to-date certification examination information, certification rules and regulations, examination schedules, and downloadable examination applications for all currently offered examinations.
- National Fire Service Certification

The Commission is proud to offer National Fire Service Certification as an accredited agency under the National Board on Fire Service Professional Qualifications and the International Fire Service Accreditation Congress for selected levels.

All individuals who successfully attain state certification will be automatically registered for national certification with the National Board on Fire Service Professional Qualification and/or the International Fire Service Accreditation Congress for the levels accredited by either of those bodies.

COMMON CERTIFICATION QUESTIONS:

1. If I take an online course, can I take the certification exam?

Answer: Online courses currently offered by outside agencies are designed to complement traditional classroom instruction and may not be equivalent to the training offered by the Connecticut Fire Academy. The Commission does not currently recognize any online course of instruction as a self-contained training program for the purposes of certification. Individuals considering online courses should contact the Director of Certification **before** enrolling in an online course.

2. Can I challenge a certification exam?

Answer: Individuals can challenge exams by completing required certification documentation, if they meet one of the following criteria:

 - 1- Pro Board or IFSAC certification at the level from another state.
 - 2- Previous training and education that satisfies current NFPA Standard JPRs.
 - 3- Documented education, training, and experience that satisfy current NFPA Standard JPRs.

3. Can I transfer my certifications from another state?

Answer: Certifications do not “transfer.” The Commission recognizes certifications with Pro Board or IFSAC seal numbers for reciprocity. Reciprocity enters you in the Connecticut system at an advanced level to meet the prerequisites for the next level(s).

NEW ENGLAND
• DISASTER TRAINING CENTER •

The NEDTC is a joint collaboration bringing the states top training and response agencies together using state of the art facilities and equipment to provide challenging rescue scenarios for both the basic and advanced disaster response personnel.

Located at Camp Hartell, in Windsor Locks, CT the NEDTC will offer disaster medical response training, with the ability to work from a mobile field hospital, and search and rescue training on a rubble pile. Advanced trench and train derailment training props will be used to help response personnel meet national standards.

Additional information about the NEDTC can be found at www.nedtc.us

Increasingly, students and instructors are bringing laptop computers to the Connecticut Fire Academy (CFA) especially for officer and instructor classes. The Commission on Fire Prevention and Control (CFPC) offers limited wireless hotspot access to the Internet in some areas of the CFA. This public service is currently available in the following locations: dorm rooms, auditorium, multipurpose room, and the classroom wing.

Users alone are responsible for security and maintenance of your equipment. The Academy cannot provide you with computer software, hardware, or technical support to include disks, printers, scanners, etc. CFPC/CFA staff is not permitted to support user connectivity issues or user computer issues of any type.

CFA MARKETING PRIVACY ADVISORY

By participating in Connecticut Fire Academy classes and activities (i.e. CPAT, Face piece fit testing, pump operator) you are automatically giving permission for the use of your picture, video recording and/or audio recording to be used in marketing or future training by the Commission on Fire Prevention and Control/Connecticut Fire Academy unless you specifically decline to allow permission in writing to CFA staff.

As the State of Connecticut is a nonprofit organization, you will not receive any monetary compensation now or in the future. The State of Connecticut, Commission on Fire Prevention and Control/Connecticut Fire Academy has the right to use these pictures, video and/or audio recordings of the presentations in any form of, publication, marketing, and broadcast media (video, print or electronic) and any other activity that supports a qualified, diverse, inclusive and safety-conscious Fire/EMS workforce.
