### III. DISCUSSION

The department has jurisdiction over each person, association, limited liability company or corporation owning or operating a motor vehicle in livery service, pursuant to Connecticut General Statutes Section 13b-102, as amended.

In determining whether a livery permit should be granted, the department shall take into consideration the present or future public convenience and necessity. The applicant must prove that the public's convenience and necessity will be improved by the proposed service. Additionally, the

applicant must show the suitability of the applicant or the suitability of the management if the applicant is a limited liability company or corporation, the financial responsibility of the applicant, the ability of the applicant efficiently and properly to perform the service for which authority is requested and the fitness, willingness and ability of the applicant to conform to the provisions of the statutes and the requirements and regulations of the department thereunder, in accordance with Connecticut General Statutes Section 13b-103.

Regarding the applicant's suitability, Mr. Khalil submitted a criminal record check which disclosed no criminal records. He has driven a limousine for Elite Limousine and currently for Rudy's Limousine. Mariam Khalil, Mr. Khalil's daughter, testified about his work and stated that he is always on time, checks for any changes to an assignment and plans for contingencies, such as traffic or weather that could delay a trip. Mr. Khalil also ran a successful restaurant business for 25 years. He was responsible for all aspects of the business. Based on the evidence presented, the applicant is suitable to conduct the proposed intrastate livery business.

As far as the applicant's financial ability is concerned, the first six months of expenses includes insurance costs of \$5,716.00, property tax of \$397.86, car payments of \$5075.40, maintenance and repair costs of \$130.00, and communication costs of \$300.00, for a total expense of \$11,619.26. The applicant currently has \$12,481.57 in its account which is sufficient to meet these expenses.

On the issue of public convenience and necessity, the applicant has been driving a limousine since December of 2024, and has become familiar with the demand for this service in New Haven County. The applicant is able to provide interstate service which not all livery companies are able to do. The application was not opposed and based on the evidence presented, the applicant's service would improve public convenience and necessity. The applicant will receive authorization for one (1) general livery vehicle.
