

CTDOT - PERMIT NEED DETERMINATION FORM STATE PROJECTS

FOR ENVIRONMENTAL RESOURCE COORDINATION AND ANTICIPATED PERMIT NEEDS

The purpose of this form is to help guide required environmental resource coordination and provide anticipated permit needs for state projects. A location map and detailed description must accompany this request. If this project was reviewed during a prescreen, please include that information on this form, or provide that form along with this request.

Please only fill out the box below, the rest will be filled out by OEP.
