RECREATIONAL ACTIVITY PERMIT APPLICATION

This application is to be supplied by a water company requesting a permit to authorize recreational activities pursuant to Connecticut General Statute (CGS) Section 25-43c. Complete one form for each **separate** activity. However, a request to group activities within watersheds under one permit is **permissable**. **A** General Application Form **should be completed as part of the application submission.** The water company is encouraged to provide any **additional** source protection information th**at** will lead to a full understanding of the proposed activity and the source water area affected. Review shall not begin until complete applications are received. The water company will be notified if additional information is required.

Water Company/Public Water System: PWSID:

Identify Reservoir and Watershed and/or Well(s) & Aquifer Protection Area (APA) that the activity(ies) will occur in:

Acreage of Class I Water Company Land that activity(ies) would be authorized on:

Acreage of Class II Water Company Land that activity(ies) would be authorized on:

Is this Activity a one-time event or is it expected to be ongoing?:

☐ One-time ☐ Ongoing

Proposed Starting Date: Proposed End Date:

Is this a renewal?: Yes ☐ No ☐ If yes, provide previous DPH Permit #:

Expected number of people: Average day Peak day

Will there potentially be special events during peak day periods?:

Will fueled engines (cars, boats, snowmobiles, ATVs, etc.) be allowed in the permitted area?:

If so, describe:

Identify any potential adverse impacts (erosion, vandalism, tampering, human waste, dumping/litter, invasives):

Please provide the following information as attachments (as applicable):

A. Provide a list of imposed restrictions/rules for permitted participants.

B. Provide a copy of educational materials to be provided to participants.

C. Provide a summary of any consultation made to the Department of Energy and Environmental Protection pursuant to CGS Sec. 25-43c.

D. Provide a sample voided copy of any permit, tag, or pass issued to permit participants that must be evident on person or in vehicle for crowd monitoring.

E. Provide a detailed description of proposed patrolling, supervision, monitoring, ground maintenance and methods of enforcing restrictions to protect the purity and adequacy of the drinking water sources. Include extent, duration and type required. If a water company contracts with another party for patrolling, maintenance, enforcement, monitoring, or sampling, provide copy of proposed final contract with third party outlining criteria for management.

F. Provide criteria to limit maximum daily use.

G. Provide a description of any water company owned equipment to be used by participants.

H. Provide a scaled map identifying property lines, topography, watershed or APA boundaries, tributaries, access points to activity, open and closed areas to participants, parking areas, sanitary and trash receptacle locations, sensitive areas of potential impact such as steep slopes> 15% or wetlands.

Attestation

I, the undersigned, as owner or principal representing the Water Company, certify that materials contained within this application are truthful, and that the proposed activity change will not a have a significant adverse impact upon the present and future purity and adequacy of the public drinking water supply per CGS Sec. 25-32(b) and RCSA Sec. 25-37d-2(c).
