

Revised Total Coliform Rule: Implementation of Level I and Level II Assessments A FREE Workshop for New England Utilities

Connecticut:	December 1, 2014, Crowne Plaza, Cromwell, CT
Vermont:	December 2, 2014, VTrans Training Center, Montpelier, VT
Rhode Island:	December 5, 2014, Warwick Public Library, Warwick, RI
Massachusetts:	December 8, 2014, NEWWA, Holliston, MA
Maine:	December 9, 2014, Senator Inn, Augusta, ME

This course will help participants gain a full understanding of the requirements behind having to conduct both Level I and Level II assessments in accordance with the Revised Total Coliform Rule. It will cover:

- Highlights of the RTCR
- Level I and II assessments and how to conduct them
- Case studies (microbiological intrusions, cross connections, storage tanks, treatment failures, distribution systems, vandalism, biofilm/regrowth, and sampling protocols)

At the end of the course, students should be able to:

- Determine the requirements behind needing to conduct a Level I or Level II assessment
- Identify the causes of potential violations that would lead to a Level I or Level II assessment
- Identify the federal requirements that are helping to guide states with the rule's implementation
- Identify the procedures in a Level II assessment

Instructor:

Robert Hoyt is retired from the Worcester Department of Public Works in Worcester, MA. He has 35 years of experience in the drinking water profession, and has also worked for the Connecticut Water Company and the Springfield Water and Sewer Commission. As an adjunct faculty member for NEWWA, Bob specializes in water treatment operations, backflow prevention device testing, and cross connection control surveying. He holds a BS in environmental science from UMASS Amherst, is a Grade 4T and 4D certified operator in MA, and a NEWWA certified backflow prevention device inspector/tester and cross connection control surveyor. He is also a past NEWWA representative to the MA Board of Certification of Operators of Drinking Water Supply Facilities, and past president of the Association of Boards of Certification. He received the AWWA Operator's Meritorious Service Award in 2009, Massachusetts Water Works State Leadership Award in 2013, and the NEWWA George Warren Fuller Award in 2010.
