- VFC eligibility is as follows: (a) Medicaid enrolled; (b) uninsured; (c) American Indian/Alaskan native; or (d) underinsured seen at an FQHC.
- Non-VFC children refers to patients who have private insurance that covers the cost of immunizations, patients that are under-insured for some or all vaccines seen by a private provider; and S-CHIP children (those children enrolled in HUSKY B).
- Td vaccine may be given to children 7–18 years of age who 1) cannot receive Tdap, or 2) need to complete their primary series.
