DISCUSSION

The Appellant does not meet the medical criteria for nursing facility LOC and is not eligible for continued nursing facility services funded by Medicaid because the Appellant does not have a chronic/unstable medical condition requiring skilled nursing care and is not in need of substantial assistance with his personal care needs on a daily basis.

The Appellant entered Paradigm of Waterbury on [REDACTED] 2013 for 120 days supervision of all seven of the seven activities of daily living, medication monitoring and rehabilitative services. The Appellant completed rehabilitative services early in her stay at Paradigm Healthcare Center and is independent in six of the seven ADL's and require some supervision in one of the ADL's. The Appellant no longer requires the LOC provided by the nursing facility. The type of services that the Appellant requires can be administered in the community setting through medical and social services.
