

Exhibit A

This section contains an overview of the scope of work performed during the 2019 PCMH+ CAHPS Member Satisfaction Survey with Provider Services.

A Statement of Confidentiality and Ownership

All of the analyses, findings, data, and recommendations contained within this report are the exclusive property of The State of Connecticut Department of Social Services (The Department) with offices located in Hartford, Connecticut.

As required by the Code of Ethics of the National Council on Public Polls and the United States Privacy Act of 1974, Great Blue Research, Inc. (GreatBlue) maintains the anonymity of respondents to surveys the firm conducts. No information will be released that might, in any way, reveal the identity of the respondents.

Moreover, no information regarding these findings will be released without the express written consent of an authorized representative of The Department.

Section :: Overview

The Department commissioned GreatBlue to conduct the 2019 PCMH+ CAHPS Member Satisfaction Survey with Provider Services utilizing a telephonic survey methodology, which took place from July 8, 2019 through October 21, 2019. The sample universe employed consisted of adults in the HUSKY Health Program contacted in efforts to successfully complete 5,875 surveys.

The 2019 PCMH+ CAHPS Member Satisfaction Survey with Provider Services included the following areas for investigation:

- PCMH+ Member satisfaction with provider services
- PCMH+ Member satisfaction with provider
- Health care over the last 6 months
- Member demographic information

Among the 5,875 completed surveys, GreatBlue captured a representation of adult HUSKY Health members based on the members' Primary Care Provider (PCP) attribution status. While random sampling procedures were followed in each individual segment of the survey, the overall survey sampling included a larger representation of members attributed to PCMH Practices compared to non-attributed members.

These segments included:

- Adults attributed to a PCMH Practice
- Adults attributed to a PCMH Practice (comparison group)
- Non-attributed adults

Section :: The Survey Process

Upon receipt of the survey instrument and a random sample list of members, GreatBlue's researchers and senior staff completed all remaining facets of the 2019 PCMH+ CAHPS Member Satisfaction Survey with Provider Services. These tasks included the following: survey programming, researcher training, survey pre-testing, full-scale fielding (telephone calls), coding, data entry, editing, validation, verification, computer analysis, analysis and report writing.

The survey instrument was used to elicit information from all respondents. Adult members qualified for the survey if they confirmed to be the member on file. Telephone researchers were trained on the approved survey instrument and a pre-test was conducted before full fielding began.

Adult respondents were provided the opportunity in the survey to provide open-ended comments (question 39 in the adult survey). The comments that were provided have been included in a separate document and are not included in these Exhibits.

Section :: The Sample

The original goal, as set by the Department, was to complete 5,875 telephone surveys with individual quotas set for each member segment (members attributed to a PCMH Practice, FQHC Practice, and members attributed to a Non-PCMH Practice). Overall, GreatBlue was able to accomplish a 100% success rate of this goal by completing a total of 5,875 surveys.

Statistically, a sample of 5,875 surveys represents a margin for error of +/- 1.07% at a 95% confidence level.

Among the segment of members attributed to a PCMH Practice, an additional specific quota for completed surveys was set for each of the 21 practices included in the survey. However, the number of attributed members for these practices varied from as few as 819 members to upwards of 15,100 members. Thus, the specific quota for each PCMH Practice varied based on the number of attributed members. In order to maximize the sample, up to 10 additional callbacks were made in order to complete as many interviews as possible among the smaller practices. In total, GreatBlue was able to fulfill the quotas for 18 of the 21 PCMH practices surveyed. Quotas were not met for “Charter Oak Health Center” (279 of 300 surveys were completed), “Fair Haven Community Health CTR” (166 of 200 surveys were completed), and “Healthwise Medical Associates” (88 of 100 surveys were completed).

Following is the breakdown of the N-values (raw number of surveys captured) for each of the practices surveyed.

| PCMH TIN Name | 2019 N-Value |
|---|-----------------|
| Charter Oak Health Center | 279 |
| Community Health Center, Inc. | 401 |
| Cornell Scott-Hill Health Center | 300 |
| Fair Haven Community Health CTR | 166 |
| First Choice Community Health Centers | 200 |

Exhibit B

This section contains the Summary of Findings from the 2019 PCMH+ CAHPS Member Satisfaction Survey with Provider Services. These findings have been calculated on a composite basis as well as tabulated for Wheeler Clinic Inc./Community Health & Wellness of Torrington. Throughout the following pages, all narrative refers to 2019 composite data.

Section :: Questions Pertaining to Adult's Access

As presented in the table below, the vast majority of adults surveyed in 2019 (92.9%) reported being able to get an appointment for routine care either “always” or “usually.” It is also important to note a similar percentage of adults (91.0%) reported being able to get an appointment for care they needed right away either “always” or “usually.”

| | | 2018 Composite | 2019 Composite | 2018 Wheeler Clinic Inc./ Community Health & Wellness of Torrington | 2019 Wheeler Clinic Inc./ Community Health & Wellness of Torrington |
|--|-----------|-------------------|-------------------|---|---|
| 5. In the last 6 months, did you contact this provider's office to get an appointment for an illness, injury, or condition that needed care right away? | Yes | 47.2 | 42.1 | 28.1 | 52.5 |
| | No | 52.8 | 57.9 | 71.9 | 47.5 |
| 6. In the last 6 months, when you contacted this provider's office to get an appointment for care you needed right away, how often did you get an appointment as soon as you needed? | Never | 2.2 | 1.8 | 11.1 | 2.4 |
| | Sometimes | 7.1 | 7.3 | 5.6 | 11.9 |
| | Usually | 11.5 | 10.9 | 5.6 | 19.0 |
| | Always | 79.3 | 80.1 | 77.8 | 66.7 |
| 7. In the last 6 months, did you make any appointments for a checkup or routine care with this provider? | Yes | 86.0 | 84.6 | 90.6 | 71.3 |
| | No | 14.0 | 15.4 | 9.4 | 28.8 |
| 8. In the last 6 months, when you made an appointment for a checkup or routine care with this provider, how often did you get an appointment as soon as you needed? | Never | 1.5 | 1.1 | 1.7 | 1.8 |
| | Sometimes | 8.0 | 6.0 | 3.4 | 12.3 |
| | Usually | 11.3 | 10.6 | 15.5 | 29.8 |
| | Always | 79.2 | 82.3 | 79.3 | 56.1 |
| 9. Did this provider's office give you information about what to do if you needed care during evenings, weekends, or holidays? | Yes | 76.6 | 76.1 | 64.1 | 81.3 |
| | No | 23.4 | 23.9 | 35.9 | 18.8 |

Section :: Questions Pertaining to Adult's Contact with Provider Office

Overall, 87.1% of adult respondents in 2019 who contacted their provider's office with a question during regular office hours reported "always" or "usually" being able to get an answer the same day.

| | | 2018 Composite | 2019 Composite | 2018 Wheeler Clinic Inc./ Community Health & Wellness of Torrington | 2019 Wheeler Clinic Inc./ Community Health & Wellness of Torrington |
|--|-----------|-------------------|-------------------|---|---|
| 10. In the last 6 months, did you contact this provider's office with a medical question during regular office hours? | Yes | 47.4 | 36.8 | 57.8 | 46.3 |
| | No | 52.6 | 63.2 | 42.2 | 53.8 |
| 11. In the last 6 months, when you contacted this provider's office during regular office hours, how often did you get an answer to your medical question that same day? | Never | 4.8 | 3.4 | 13.5 | 8.1 |
| | Sometimes | 8.8 | 9.4 | 18.9 | 18.9 |
| | Usually | 14.7 | 15.3 | 8.1 | 32.4 |
| | Always | 71.7 | 71.8 | 59.5 | 40.5 |

Section :: Questions Pertaining to Adult's Interaction With Clerks & Receptionists

Among adults who spoke with clerks or receptionists at their provider's office in 2019, 92.4% reported these clerks were "always" or "usually" as helpful as they thought they should be. In addition, 95.0% reported these clerks were "always" or "usually" courteous and respectful.

|---|-----------|-------------------|-------------------|---|---|
| 27. In the last 6 months, how often were clerks and receptionists at this provider's office as helpful as you thought they should be? | Never | 2.2 | 1.7 | 3.1 | 1.3 |
| | Sometimes | 6.1 | 5.9 | 7.8 | 3.8 |
| | Usually | 9.4 | 8.9 | 9.4 | 23.8 |
| | Always | 82.3 | 83.5 | 79.7 | 71.3 |
| 28. In the last 6 months, how often did clerks and receptionists at this provider's office treat you with courtesy and respect? | Never | 1.5 | 1.1 | 1.6 | 1.3 |
| | Sometimes | 4.4 | 4.0 | 4.7 | 1.3 |
| | Usually | 7.0 | 6.5 | 9.4 | 12.5 |
| | Always | 87.1 | 88.5 | 84.4 | 85.0 |

Section :: Questions Pertaining to the Courtesy & Respect of Adult's Provider

Over 90.0% of adults surveyed in 2019 reported their provider was either “always” or “usually” courteous and respectful across several different areas measured. The highest rated areas were regarding the provider “showing respect for what you had to say,” “listening carefully to you,” and “knowing important information about your medical history.”

| | Sometimes | 3.9 | 3.7 | 4.7 | 12.5 |
| | Usually | 7.2 | 5.4 | 9.4 | 13.8 |
| | Always | 87.4 | 90.0 | 84.4 | 72.5 |
| 15. In the last 6 months, how often did this provider show respect for what you had to say? | Never | 1.3 | 0.7 | 0.0 | 3.8 |
| | Sometimes | 2.6 | 2.4 | 1.6 | 5.0 |
| | Usually | 4.2 | 3.9 | 3.1 | 6.3 |
| | Always | 91.9 | 92.9 | 95.3 | 85.0 |
| 16. In the last 6 months, how often did this provider spend enough time with you? | Never | 1.8 | 1.4 | 1.6 | 2.5 |
| | Sometimes | 4.5 | 4.2 | 4.7 | 8.8 |
| | Usually | 6.1 | 6.4 | 3.1 | 17.5 |
| | Always | 87.7 | 88.0 | 90.6 | 71.3 |

Section :: Questions Pertaining to Adult Provider’s Follow-up

91.4% of adult respondents in 2019 reported their provider’s office “always” or “usually” followed up with results of any blood tests, x-rays, or other tests they ordered.

| | | 2018 Composite | 2019 Composite | 2018 Wheeler Clinic Inc./Community Health & Wellness of Torrington | 2019 Wheeler Clinic Inc./Community Health & Wellness of Torrington |
|---|-----------|----------------|----------------|--|--|
| 17. In the last 6 months, did this provider order a blood test, x-ray, or other test for you? | Yes | 73.2 | 72.9 | 70.3 | 68.8 |
| | No | 26.8 | 27.1 | 29.7 | 31.3 |
| 18. In the last 6 months, when this provider ordered a blood test, x-ray, or other test for you, how often did someone from this provider’s office follow up to give you those results? | Never | 4.2 | 3.8 | 6.7 | 7.3 |
| | Sometimes | 5.0 | 4.8 | 6.7 | 10.9 |
| | Usually | 9.0 | 6.8 | 8.9 | 21.8 |
| | Always | 81.8 | 84.6 | 77.8 | 60.0 |

Section :: Questions Pertaining to Adult’s Access to Specialists

Among the 41.0% of adult respondents who reported seeing a specialist in the last 6 months, 90.4% of respondents reported their provider “always” or “usually” seemed informed and up-to-date about care they received from the specialist.

| | | 2018 Composite | 2019 Composite | 2018 Wheeler Clinic Inc./Community Health & Wellness of Torrington | 2019 Wheeler Clinic Inc./Community Health & Wellness of Torrington |
|---|-----------|----------------|----------------|--|--|
| 20. Specialists are doctors like surgeons, heart doctors, allergy doctors, skin doctors, and other doctors who specialize in one area of health care. In the last 6 months, did you see a specialist for a particular health problem? | Yes | 41.0 | 41.0 | 42.2 | 56.3 |
| | No | 59.0 | 59.0 | 57.8 | 43.8 |
| 21. In the last 6 months, how often did Wheeler Clinic Inc./Community Health & Wellness of Torrington seem informed and up-to-date about the care you got from specialists? | Never | 5.7 | 4.3 | 3.7 | 8.9 |
| | Sometimes | 5.5 | 5.3 | 7.4 | 15.6 |
| | Usually | 7.9 | 7.4 | 11.1 | 13.3 |
| | Always | 80.9 | 83.0 | 77.8 | 62.2 |

Section :: Questions Pertaining to Adult's Prescriptions

Overall, 77.4% of adults surveyed in 2019 reported taking a prescription in the last 6 months and 92.9% of those respondents reported talking with people at their provider's office "always" or "usually" about all the prescription medicines being taken.

| | | 2018 Composite | 2019 Composite | 2018 Wheeler Clinic Inc./ Community Health & Wellness of Torrington | 2019 Wheeler Clinic Inc./ Community Health & Wellness of Torrington |
|--|-----------|-------------------|-------------------|---|---|
| 25. In the last 6 months, did you take any prescription medicine? | Yes | 76.6 | 77.4 | 75.0 | 83.8 |
| | No | 23.4 | 22.6 | 25.0 | 16.3 |
| 26. In the last 6 months, how often did you and someone from this provider's office talk about all the prescription medicines you were taking? | Never | 4.0 | 2.6 | 4.2 | 9.0 |
| | Sometimes | 5.0 | 4.5 | 6.3 | 9.0 |
| | Usually | 4.9 | 4.7 | 4.2 | 17.9 |
| | Always | 86.1 | 88.2 | 85.4 | 64.2 |

Section :: Questions Pertaining to Adult's Specific Health Goals

68.6% of adults reported someone in their provider's office talking with them about specific goals for their health and 53.7% reported someone speaking to them about things that made it difficult to take care of their health.

| | | 2018 Composite | 2019 Composite | 2018 Wheeler Clinic Inc./ Community Health & Wellness of Torrington | 2019 Wheeler Clinic Inc./ Community Health & Wellness of Torrington |
|--|-----|-------------------|-------------------|---|---|
| 22. In the last 6 months, did someone from this provider's office talk with you about specific goals for your health? | Yes | 66.7 | 68.6 | 64.1 | 63.8 |
| | No | 33.3 | 31.4 | 35.9 | 36.3 |
| 23. In the last 6 months, did someone from this provider's office ask you if there are things that make it hard for you to take care of your health? | Yes | 55.5 | 53.7 | 59.4 | 45.0 |
| | No | 44.5 | 46.3 | 40.6 | 55.0 |
| 24. In the last 6 months, did you and someone from this provider's office talk about things in your life that worry you or cause you stress? | Yes | 61.3 | 57.9 | 62.5 | 56.3 |
| | No | 38.7 | 42.1 | 37.5 | 43.8 |

Section :: Questions Pertaining to Adult's Mental Health Treatment

19.8% of adults surveyed in 2019 reported making an appointment for counseling or mental health treatment in the past 6 months. Among those respondents, 87.0% reported it was “not at all difficult” or “not very difficult” to make an appointment for counseling or mental health treatment.

| | | 2018 Composite | 2019 Composite | 2018 Wheeler Clinic Inc./ Community Health & Wellness of Torrington | 2019 Wheeler Clinic Inc./ Community Health & Wellness of Torrington |
|---|----------------------|-------------------|-------------------|---|---|
| 29. People can get counseling or mental health treatment for many different reasons, such as feeling depressed, anxious, or stressed; personal problems (like when a loved one dies or when there are problems at work); family problems (like marriage problems and children having trouble getting along); needing help with drug or alcohol use; and mental or emotional illness. In the last 6 months, did you make any appointments for counseling or mental health treatment for any of these reasons? | Yes | 21.8 | 19.8 | 32.8 | 35.0 |
| | No | 78.2 | 80.2 | 67.2 | 65.0 |
| 30. In the last 6 months, did you try to make any appointments for counseling or mental health treatment? | Yes | 3.0 | 1.5 | 2.3 | 3.8 |
| | No | 97.0 | 98.5 | 97.7 | 96.2 |
| 31. Think about the person you saw most often for counseling or mental health treatment. In the last 6 months, how difficult was it to make appointments with this person for counseling or mental health treatment? | Extremely difficult | --- | --- | --- | --- |
| | Very difficult | 4.9 | 5.6 | 0.0 | 3.3 |
| | Somewhat difficult | 7.0 | 7.5 | 9.1 | 13.3 |
| | Not very difficult | 9.3 | 11.4 | 9.1 | 16.7 |
| | Not at all difficult | 78.8 | 75.6 | 81.8 | 66.7 |
| 32. In the last 6 months, how often were you able to get an appointment for counseling or mental health treatment as soon as you needed? | Never | 5.4 | 5.2 | 0.0 | 6.7 |
| | Sometimes | 5.9 | 6.0 | 9.1 | 3.3 |
| | Usually | 10.5 | 10.3 | 0.0 | 26.7 |
| | Always | 78.1 | 78.5 | 90.9 | 63.3 |
| 33. Sometimes counseling or mental health treatment can include taking medicines. In the last 6 months, did you take any medicine because of how you were feeling or for personal problems? | Yes | 20.1 | 17.1 | 32.8 | 35.0 |
| | No | 79.9 | 82.9 | 67.2 | 65.0 |
| 34. In the last 6 months, how difficult was it for you to get your prescriptions for these mental health medicines as soon as you needed? | Extremely difficult | --- | --- | --- | --- |
| | Very difficult | 1.9 | 2.5 | 0.0 | 7.1 |
| | Somewhat difficult | 6.8 | 6.3 | 14.3 | 3.6 |
| | Not very difficult | 10.5 | 11.8 | 23.8 | 25.0 |
| | Not at all difficult | 80.8 | 79.5 | 61.9 | 64.3 |

--- Indicates this was not provided as an answer option in 2019.

Section :: Questions Pertaining to Adult's Smoking Cessation

21.4% of adults surveyed in 2019 reported smoking cigarettes or using tobacco “every day” or “some days.” Among those respondents, 90.4% reported their provider “always” or “usually” advised them to quit smoking or using tobacco.

| | | 2018 Composite | 2019 Composite | 2018 Wheeler Clinic Inc./ Community Health & Wellness of Torrington | 2019 Wheeler Clinic Inc./ Community Health & Wellness of Torrington |
|---|------------|-------------------|-------------------|---|---|
| 35. Do you smoke cigarettes or use tobacco every day, some days, or not at all? | Every day | 16.3 | 15.0 | 32.8 | 25.0 |
| | Some days | 6.8 | 6.4 | 10.9 | 13.8 |
| | Not at all | 76.2 | 77.1 | 56.3 | 57.5 |
| | Don't know | 0.8 | 1.5 | 0.0 | 3.8 |
| 36. In the last 6 months, how often were you advised to quit smoking or using tobacco by a doctor or other health provider in your plan? | Never | 6.9 | 3.9 | 3.6 | 0.0 |
| | Sometimes | 4.9 | 5.7 | 7.1 | 6.5 |
| | Usually | 5.5 | 6.1 | 3.6 | 9.7 |
| | Always | 82.8 | 84.3 | 85.7 | 83.9 |
| 37. In the last 6 months, how often was medication recommended or discussed by a doctor or health provider to assist you with quitting smoking or using tobacco? Examples of medication are: nicotine gum, patch, nasal spray, inhaler, or prescription medication. | Never | 13.7 | 10.8 | 10.7 | 12.9 |
| | Sometimes | 6.6 | 7.3 | 10.7 | 16.1 |
