General Instructions:

Each State must provide the information indicated below on its TANF program regardless of the funding source -- i.e., no matter whether the State used segregated Federal TANF funds, segregated State TANF funds, or commingled funds to pay for the benefit or service.

If the State elects to report on other benefits or activities provided through other program funding streams, please mention it after the TANF-funded benefits or activities for each item.

1. The State's definition of each work activity.

Work Activity Definitions for FFY 2024 are in the TANF Plan FFY 2024-2026 submitted to ACF on 12/31/23 and revised on 4/15/24. Section A - Part III Work Activities. 1. Unsubsidized Employment: Full- or part-time employment in the public or private sector that is not subsidized by TANF or any other public program. 2. Subsidized Private Sector Employment: Employment in the private sector for which the employer receives a subsidy from TANF or other public funds to offset some or all of the wages and costs of employing an individual. 3. Subsidized Public Sector Employment: Employment in the public sector for which the employer receives a subsidy from TANF or other public funds to offset some or all of the wages and costs of employing a recipient. This includes work-study and stipend programs. 4. On-the-Job Training: Training in the public or private sector provided to a paid employee while he or she is engaged in productive work and that provides knowledge and skills essential to the full and adequate performance of the job. 5. Job Search and Job Readiness Assistance: The act of seeking or obtaining employment, preparation to seek or obtain employment, including life skills training, and short-term substance abuse treatment, mental health treatment, or rehabilitation activities. Such treatment or therapy must be determined to be necessary and documented by a qualified medical, substance abuse or mental health professional. Job search and job readiness assistance activities must be supervised by the TANF agency or other responsible party on an ongoing basis no less frequently than once each day in which the individual is scheduled to participate. This is limited to count toward the WPR for no more than six weeks per year. 6. Work Experience: A work activity performed in return for welfare that provides an individual with an opportunity to acquire the general skills, training, knowledge, and work habits necessary to obtain employment. The purpose of work experience is to improve the employability of those who cannot find unsubsidized employment. 7. Community Service Programs: Structured programs in which TANF recipients perform work for the direct benefit of the community under the auspices of public or nonprofit organizations. Community service programs must be limited to projects that serve a useful community purpose in fields such as health, social service, environmental protection, education, urban and rural redevelopment, welfare, recreation, public facilities, public safety, and childcare. Community service programs are designed to improve the employability of recipients not otherwise able to obtain employment. 8. Vocational Educational Training Not to Exceed 12 Months: Organized educational programs directly related to the preparation of individuals for employment in current or emerging occupations requiring training, including a baccalaureate or advanced degree, if in the employment plan. Vocational educational training may include work-focused general education and language instruction. 9. Child Care for an Individual Participating in a Community Service Program: to enable another TANF recipient to participate in community service. 10. Job Skills Training Directly Related to Employment: required by employer to provide ability to obtain employment or to advance or adapt to the changing demands of the workplace. 11. Education Directly Related to Employment: related to specific occupation, job or job offer. 12. Satisfactory Attendance at Secondary School or in a GED Program: regular attendance at secondary school or course of study leading to a certificate of general equivalence, for a work-eligible individual who has not completed or received secondary school certificate. Some activities must be supervised on an ongoing basis no less frequently than once each day in which the individual is scheduled to participate.

2. A description of the transitional services provided to families no longer receiving assistance due to employment.

Services are available to families engaged in such activities at the time they become ineligible for Temporary Family Assistance (TFA), the State's TANF cash assistance program. Employment services may be provided until completion of the employment services activity. Such services include but are not limited to the following: case management, barrier resolution, employment-related education and training, job search skill training, job placement services, support services, retention services, and re-employment services. Families are also eligible for childcare assistance partially funded from CT's CCDF block grant. Such families remain eligible as long as their income remains below a certain income limit.

3. A description of how a State will reduce the amount of assistance payable to a family when an individual refuses to engage in work without good cause pursuant to 45 CFR 261.14 of this chapter.

Connecticut cash assistance recipients are required to engage in work activities as prescribed by their employability plans. Failure to participate without good cause results in a penalty being imposed on the non-compliant TFA recipient until such person becomes compliant with Jobs First Employment Services and their employability plan. The penalty shall continue until the noncompliant family member (1) begins to comply with employment services requirements, (2) becomes exempt from such requirements, or (3) demonstrates good cause for his or her failure to comply with such requirements. Assistance is reduced by excluding the noncompliant family member from the household benefit calculation. If only one member of a family is eligible for TFA and such member fails to comply with an employment services requirement and has no good cause reason, the penalty is a 25% benefit reduction for each month of non-compliance.

4. The average monthly number of payments for child care services made by the State through the use of disregards, by the following types of child care providers:

i. Licensed/regulated in-home child care: 0

ii. Licensed/regulated family child care: 0

iii. Licensed/regulated group home child care: 0

iv. Licensed/regulated center-based child care: 0

v. Legally operating (i.e., no license category available in State or locality) in-home child care provided by a non-relative: 0

vi. Legally operating (i.e., no license category available in State or locality) in-home child care provided by a relative: 0

vii. Legally operating (i.e., no license category available in State or locality) family child care provided by a non-relative: 0

viii. Legally operating (i.e., no license category available in State or locality) family child care provided by a relative: 0

ix. Legally operating (i.e., no license category available in State or locality) group child care provided by a non-relative: 0

x. Legally operating (i.e., no license category available in State or locality) group child care provided by a relative: 0

xi. Legally operated (i.e., no license category available in State or locality) center-based child care: 0

5. If the State has adopted the Family Violence Option and wants Federal recognition of its good cause domestic violence waivers under 45 CFR 260.50-58, then provide (a) a description of the strategies and procedures in place to ensure that victims of domestic violence receive appropriate alternative services and (b) an aggregate figure for the total number of good cause domestic violence waivers granted.

CT has not adopted the Family Violence option.

6. A description of any nonrecurrent, short-term benefits (as defined in 45 CFR 260.31(b)(1)) provided, including:

i. The eligibility criteria associated with such benefits, including any restrictions on the amount, duration, or frequency of payments;

ii. Any policies that limit such payments to families that are eligible for TANF assistance or that have the effect of delaying or suspending a family's eligibility for assistance;

iii. Any procedures or activities developed under the TANF program to ensure that individuals diverted from assistance receive information about, referrals to, or access to other program benefits (such as Medicaid and food stamps) that might help them make the transition from welfare to work.

i.& ii. Non-recurrent short-term benefits are available to provide for emergency housing, storage charges, moving expenses, repair/replacement of essential household items, clothing replacement, heating security deposits, restaurant meals for those in emergency housing, special course-related school expenses for high school students, property repairs to a primary residence when such repairs are needed to make the residence livable and the repair cost must be less than the cost of renting alternate housing for two years, out-of-state transportation if it is determined that it is in the best interest of the TFA recipient, and funeral and burial expenses upon the death of a TFA recipient. iii. CT offers a Diversion Program to provide short-term temporary assistance to qualifying families. The goal of the program is to provide families with the assistance they need in short-term lump sum payments intended to remove barriers to employment. Payments are limited to families who are likely to succeed with short-term help, are employed or have a job offer, have a solid work history, marketable skills, and barriers that can be removed within a three-month period if given Diversion assistance. The financial eligibility criteria for diversion are identical to those for Temporary Family Assistance (TFA), as described in Section A, Part I (A) of CT's TANF State Plan. Families are eligible to receive payments to cover current and anticipated needs, up to three times the amount that they would have received under TFA. Families may be eligible for Diversion for up to three months. If a family would be subject to the TFA time limit, up to three months of time limit are recorded under Diversion. Receipt of Diversion payments makes a family ineligible for TFA for three months, unless the family experiences undue hardship: if a family's circumstances constitute a serious threat to the health, safety or welfare of the family, and are a result of forces outside the family's control, and the circumstances prevent the family from maintaining or getting a job. Diversion families are served by DSS staff who explore eligibility for Medicaid, the Supplemental Nutrition Assistance Program (SNAP), and other programs at program intake. Due to the very low number of families who receive Diversion benefits, the program is no longer claimed under TANF.

7. A description of the grievance procedures the State has established and is maintaining to resolve displacement complaints, pursuant to section 407(f)(3) of the Social Security Act. This description must include the name of the State agency with the lead responsibility for administering this provision and explanations of how the State has notified the public about these procedures and how an individual can register a complaint.

The CT Department of Labor (DOL) administers the delivery of TANF employment services. In this capacity, DOL contracts with the state's five regional Workforce Development Boards (WDBs), which contract with local organizations to provide employment and case management services to TFA/TANF recipients. DOL requires WDBs to administer services in accordance with all applicable federal and state laws. DOL contract language prohibits the WDBs and their subcontractors from placing TANF recipients into jobs from which their employees have been laid off and maintain recall rights, and also prohibits termination of employment in order to hire TANF recipients. DOL has instructed the WDBs to use complaint resolution procedures to resolve complaints brought by TFA participants. Each WDB must maintain these complaint resolution procedures, which stipulate how individuals can register complaints in each WDB region. TFA recipients also have access to the DSS administered appeals process through Fair Hearing Officers, and if unsatisfactory to the TFA recipient, they may then request reconsideration or appeal to the courts.

8. A summary of State programs and activities directed at the third and fourth statutory purposes of TANF (as specified at 45 CFR 260.20(c) and (d) of this chapter).

a. Summarize below, the State programs and activities directed at preventing and reducing the incidence of out-of-wedlock pregnancies and establishing annual numerical goals for preventing and reducing the incidence of these pregnancies (TANF purpose 3):

Please refer to the program descriptions and activities in the TANF Plan FFY 2024-2026 Section A, Part I, subsections C & D. The CT TANF Purpose #3 programs include the following: School Readiness; Teen Pregnancy Prevention Initiative; Priority School Districts Grants; Priority School Districts extended Hours; Youth Services Bureau; Leadership, Education, Athletics in Partnership; Neighborhood Youth Centers; Young Parents Program; Extended Day Treatment Program; Family Resource Centers; Early Childhood Services; Therapeutic Child Care; Young Adult Services; Outreach: Help for People in Need program

b. Summarize below, the State programs and activities directed at encouraging the formation and maintenance of two-parent families (TANF purpose 4):

Please refer to the program descriptions and activities in the TANF Plan FFY 2024-2026 Section A, Part I, subsections C & D. The CT TANF Purpose #4 programs include the following: Fatherhood Initiative; Education and Training Services Department of Corrections (DOC); Addiction Treatment Services DOC; Family Resource Centers State Department of Education (SDE); Respite Centers Department of Developmental Services (DDS); Outreach: Help for People in Need program DSS.

9. An estimate of the total number of individuals who have participated in subsidized employment under §261.30(b) or (c) of this chapter. 111

10. A description of EBT policies and practices in the following four areas: (1) procedures for preventing the use of TANF assistance via electronic benefit transfer transactions in any liquor store; any casino, gambling casino, or gaming establishment, and any retail establishment which provides adult oriented entertainment in which performers disrobe or perform in an unclothed state for entertainment;(2) how the state identifies the locations specified in the statute;(3) procedures for ongoing monitoring to ensure policies are being carried out as intended; and (4)how the state plans to respond to findings of non-compliance or program ineffectiveness.

CT has adopted policies and procedures to review EBT transactions on a monthly basis to determine if a violation has occurred. CT DSS identifies the establishments in coordination with the CT Department of Consumer Protection (the agency that issues licenses for such establishments) and through online research (to identify adult oriented entertainment establishments). DSS extracts a monthly EBT transactions file and identifies the prohibited establishments through a data match. The DSS Economic Security unit analyzes the final information and records the violations and actions taken. CT has adopted penalties for failure to comply. If TFA electronic benefit transfer (EBT) card benefits are used in any of the restricted places, the TFA recipient will be subject to the following penalties: for the first violation, a warning that a prohibited transaction occurred; for the second violation, a penalty in the amount of the EBT transaction that occurred at the prohibited location; for the third violation, a penalty of one month's suspension of TFA benefits in addition to the amount of the EBT transaction that occurred in the prohibited location; for the fourth violation, DSS may suspend the TFA benefits for a certain amount of time or may stop the TFA benefits forever. If DSS plans to impose a penalty for failure to follow the new law, DSS sends a notice to the TFA recipient explaining the violation of the rules and client rights to a Fair Hearing.

Program Information

<p>Provide the following information for EACH PROGRAM (according to the nature of the benefit or service provided) for which the State claims MOE expenditures. Complete and submit this report in accordance with the attached instructions.</p>
<p>1. Name of Benefit or Service Program: Temporary Family Assistance</p>
<p>2. Description of the Major Program Benefits, Services, and Activities: Temporary Family Assistance (TFA) is an employment focused time limited assistance program based on the assumption that cash assistance should be temporary, and employment can help lift families out of poverty. This program provides families with monthly cash assistance to help meet basic needs such as food, shelter, and clothing. TFA recipients are encouraged to assume personal responsibility for their economic self-sufficiency. Adult TFA recipients are required to seek and retain employment unless they meet exemption criteria. TFA recipients who are required to seek employment must participate in the Jobs First Employment Services (JFES) program administered through the Department of Labor which includes education and training and is designed to assist in attaining employment within thirty-six months. Families who participate in JFES are eligible to receive additional benefits such as help with childcare and transportation. If a family member required to participate in Employment Services activities refuses to do so, the family is penalized through grant reduction. CT imposes a 36-month time limit for all TFA households who are not otherwise exempt. Once the 36-month limit is reached, families may generally qualify for up to 2 extensions, not to exceed a maximum of 6 months per extension. Families may qualify for three or more extensions if they are experiencing circumstances beyond their control such as domestic violence, if two or more substantiated barriers to employment exist, or if the family is working thirty-five or more hours per week at or above minimum wage and the total income remains under the FPL for the applicable household size, or if the family is working fewer than thirty-five hours per week due to a medical problem or the need to care for a disabled household member.</p>
<p>3. Purpose(s) of Benefit or Service Program: Provides cash assistance to needy families so that children may be cared for in their homes or in the homes of relatives.</p>

<p>9. Financial Eligibility Criteria for Receiving MOE-funded Program Benefits or Services: At the time of application, earnings must be less than the TFA Standard of Need after all applicable disregards. Any other countable unearned income of the family must be less than the TFA Payment Standard based on family size. The TFA Standard of Need is currently equal to 55% of the Federal Poverty Level (FPL) while the TFA Payment Standard is 73% of the TFA Standard of Need. The program asset limit is \$6,000 after all applicable exclusions are applied. Earned income for recipients is excluded up to 100% of the FPL. Recipients whose earnings exceed the FPL may be able to keep their benefits for up to an additional six months as long as their earnings do not exceed 230% of the FPL. Families are allowed to keep the first \$50 in monthly child support payments as it is passed through to the household and is disregarded. If the family has income below 100% of the FPL at the end of thirty-six months of assistance, the family may apply for an extension of benefits.</p>

Program Information

<p>Provide the following information for EACH PROGRAM (according to the nature of the benefit or service provided) for which the State claims MOE expenditures. Complete and submit this report in accordance with the attached instructions.</p>
<p>1. Name of Benefit or Service Program: Jobs First Employment Program (JFES)</p>
<p>2. Description of the Major Program Benefits, Services, and Activities: Employment services are provided to recipients and applicants of Temporary Family Assistance (TFA) who are categorized as time-limited as they are able to work and do not meet exemption criteria. The program name is Jobs First Employment Services (JFES). The Connecticut Department of Labor (DOL) administers JFES through a partnership among DOL, the regional Workforce Development Boards (WDBs) and other state and local agencies. The goals of the JFES program are as follows: 1) enable TFA participants, through employment, to become independent from cash assistance by the end of the 36-month time limit established by CT law; 2) enable TFA participants who become independent from cash assistance to remain employed and independent of TFA; and 3) ensure that federally established participation rates are met through employment of TFA participants and engagement in other countable TANF work activities deemed appropriate based on assessments of clients' needs. To attain all three program goals, JFES includes a variety of services such as job search, employment, education, training and support services. The combination of services varies with each individual participant. This balance of employment activity with other services utilizes individual strengths and resources while addressing employment-related needs. This balanced work first approach ensures that participants will not only become independent but will remain independent from assistance while the federal participation rates are met. Each participant, including volunteers, may receive employment services that include, but are not limited to the following: orientation, assessment, case management, employment plan development, barrier resolution, employment related education and training programs, job search skill training, job placement services, case management, support services (such as Special Benefits), retention services, and re-employment services. Participants who are having difficulty may be provided with contracted retention and intensive support services, including in-depth assessment, identification of participation barriers, and referrals to resources to overcome barriers in order to retain employment and/or successfully complete program activities. To facilitate maximum participation, JFES participants are supported by special benefit payments. Transportation benefits are provided to participants of regular, on-going employment services activities. Payment is made for bus fares, rideshare services, or mileage for driving private automobiles. A participation allowance which is intended to assist participants with transportation and baby-sitting expenses is provided for short-term, intermittent employment services activities that last no longer than five consecutive days</p>
<p>3. Purpose(s) of Benefit or Service Program: Helps to end the dependence of needy parents on government benefits by promoting job preparation, work and marriage.</p>

All TFA applicants/recipients are eligible for employment services even if they are not required to participate by the regulations governing the TFA program. Employment services may continue for up to one year after exiting TFA, provided the recipient is in an employment service activity authorized by the employment plan and the individual remains part of a needy family with income below 75% of the state's median income level.</p>

Program Information

<p>Provide the following information for EACH PROGRAM (according to the nature of the benefit or service provided) for which the State claims MOE expenditures. Complete and submit this report in accordance with the attached instructions.</p>
<p>1. Name of Benefit or Service Program: Jobs Funnel Employment Services</p>
<p>2. Description of the Major Program Benefits, Services, and Activities: The Department of Labor (DOL), Office of Workforce Competitiveness (OWC) funds the Jobs Funnel program. The Jobs Funnel represents joint, public-private efforts to create career opportunities in the construction trades. Services include outreach, recruitment, assessment, case management, pre-employment preparation (consisting of math, remediation, life skills workshops, customized training, and/or pre-apprenticeship training), job placement, and retention support services. The program offers an initial training followed by assistance in finding employment in apprenticeships and other jobs. Program participants include members of families with dependent children, U.S. citizens, and income at or below 75 percent of the state median income.</p>
<p>3. Purpose(s) of Benefit or Service Program: This program helps end the dependence of needy parents by promoting work, job preparation, and marriage. Integral to the program are the outreach, assessment, and support services provided by community-based organizations. By providing these services, the goal of the program is to help participants become more job- ready to prevent or end their dependence on public assistance.</p>
<p>4. Program Type. (Check one) <input type="radio"/> TANF <input checked="" type="radio"/> State</p>
<p>5. Description of Work Activities (Complete only if this program is a separate State program): Services provided include outreach, recruitment, assessment, case management, pre-employment preparation (consisting of math, remediation, life skills workshops, customized training, and/or pre-apprenticeship training), job placement, and retention support services for people who want to pursue construction related careers. ------------------	-----------------

Program Information

<p>Provide the following information for EACH PROGRAM (according to the nature of the benefit or service provided) for which the State claims MOE expenditures. Complete and submit this report in accordance with the attached instructions.</p>
<p>1. Name of Benefit or Service Program: Connecticut Earned Income Tax Credit (EITC)</p>
<p>2. Description of the Major Program Benefits, Services, and Activities: The Connecticut Earned Income Tax Credit (EITC) is a refundable state income tax credit for low-income working individuals and families. The state credit mirrors the federal Earned Income Tax Credit. Congress originally approved the federal tax credit legislation in 1975 in part to offset the burden of Social Security taxes and to provide an incentive to work. The CT EITC was signed into law during the 2011 legislative session. When both the federal and CT EITC amounts exceed the amount of taxes owed, it results in a tax refund to those who claim and qualify for the credit. To qualify for the CT EITC, you must be eligible for the federal EITC. You must have earned income from employment, self-employment or another source</p>
<p>3. Purpose(s) of Benefit or Service Program: To enhance incentives to work and allow recipients to retain more of their earned income to meet basic needs.</p>
<p>4. Program Type. (Check one) <input type="radio"/> TANF <input checked="" type="radio"/> State</p>
