Westborough, MA 01581

RE: **EM-CING-023-131-047-155-056-061130** - New Cingular Wireless PCS, LLC notice of intent to modify existing telecommunications facilities located at 14 Canton Springs Road, Canton; Shuttle Meadow Road, Southington; 232 South Main Street, East Windsor; 3114 Albany Avenue, West Hartford; and 15 North Granby Road, Granby, Connecticut.

Dear Ms. Dunn:

At a public meeting held on December 12, 2006, the Connecticut Siting Council (Council) acknowledged your notice to modify these existing telecommunications facilities, pursuant to Section 16-50j-73 of the Regulations of Connecticut State Agencies.

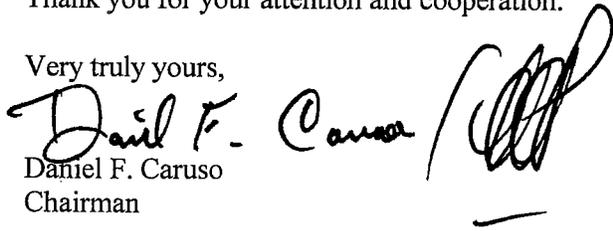

1. All AT&T equipment including but not limited to equipment shelters, antennas, tower platforms, T-arms, etc., are removed within 180 days of this acknowledgement unless it can be utilized by another carrier within that time period.
2. If AT&T is at the top position on the tower, any tower extension or mast (that only supports AT&T antennas) is removed within 180 days of this acknowledgement unless it can be utilized by another carrier within that time period.
3. The Council recommends that the compounds are cleared of all weeds, brush, and unnecessary clutter.

The proposed modifications are to be implemented as specified here and in your notice dated November 30, 2006, including the placement of all necessary equipment and shelters within the tower compounds. The modifications are in compliance with the exception criteria in Section 16-50j-72 (b) of the Regulations of Connecticut State Agencies as changes to existing facility sites that would not increase tower heights, extend the boundaries of the tower sites, increase noise levels at the tower site boundaries by six decibels, and increase the total radio frequencies electromagnetic radiation power densities measured at the tower site boundaries to or above the standard adopted by the State Department of Environmental Protection pursuant to General Statutes § 22a-162. These facilities have also been carefully modeled to ensure that radio frequency emissions are conservatively below State and federal standards applicable to the frequencies now used on these towers.

This decision is under the exclusive jurisdiction of the Council. Please be advised that the validity of this action shall expire one year from the date of this letter. Any additional change to any of these facilities will require explicit notice to this agency pursuant to Regulations of Connecticut State Agencies Section 16-50j-73. Such notice shall include all relevant information regarding the proposed change with cumulative worst-case modeling of radio frequency exposure at the closest point of uncontrolled access to the tower base, consistent with Federal Communications Commission, Office of Engineering and Technology, Bulletin 65. Any deviation from this format may result in the Council implementing enforcement proceedings pursuant to General Statutes § 16-50u including, without limitation, imposition of expenses resulting from such failure and of civil penalties in an amount not less than one thousand dollars per day for each day of construction or operation in material violation.

Thank you for your attention and cooperation.

Very truly yours,

Daniel F. Caruso

**Re: Notice of Exempt Modifications Pursuant to Sec. 16-50j-72**  
**Applicant: New Cingular Wireless PCS, LLC**

Dear Mr. Phelps:

Please be advised that Tower Resource Management, Inc. ("TRM") as agent of New Cingular Wireless PCS, LLC ("Cingular") hereby files the enclosed Notice of Exempt Modifications (pursuant to Sec. 16-50j-72(b)) for docketing and filing in the usual manner relative to Cingular's desire to decommission the following FIVE (5) sites located in *Hartford County*:

SITE ONE:

**LOCATION:** 14 Canton Spring Road, Canton, CT  
Latitude: 41-49-22 / Longitude: 72-53-44.2

**CARRIER/USER:** AT&T Wireless now known as New Cingular Wireless PCS, LLC

**TOWER OWNER:** Verizon Wireless

**SITE NO./NAME:** CT 2330 CANTON SE

SITE TWO:

**LOCATION:** Shuttle Meadow Road, Southington, CT  
Latitude: 41-38-19 / Longitude: 72-50-30

**CARRIER/USER:** AT&T Wireless now known as New Cingular Wireless PCS, LLC

**TOWER OWNER:** American Tower Corporation

**SITE NO./NAME:** CT 5850 SOUTHTON NORTH EAST

SITE THREE:

**LOCATION:** 232 South Main Street, East Windsor, CT  
Latitude: 41-52-37.8 / Longitude: 72-36-38.8

**CARRIER/USER:** AT&T Wireless now known as New Cingular Wireless PCS, LLC

**TOWER OWNER:** Balch Bridge Street Corp.

**SITE NO./NAME:** CT 2303 EAST WINDSOR SOUTH WEST

30 Lyman Street, Suite 12, Westborough, MA 01581

TOWER RESOURCE MANAGEMENT, INC.

Connecticut Siting Council  
ATTN: S. Derek Phelps, Executive Director  
Page Two of Two  
November 29, 2006

SITE FOUR:

**LOCATION:** 3114 Albany Avenue, West Hartford, CT  
Latitude: 41-47-48.52 / Longitude: 72-47-48.6

**CARRIER/USER:** AT&T Wireless now known as New Cingular Wireless PCS, LLC

**TOWER OWNER:** Marlin Tower LLC

**SITE NO./NAME:** CT 2268 AVON EAST

SITE FIVE

**LOCATION:** 15 North Granby Road, Granby, CT  
Latitude: 41-57-12.71 / Longitude: 72-47-38

**CARRIER/USER:** AT&T Wireless now known as New Cingular Wireless PCS, LLC

**TOWER OWNER:** Sprint /Nextel Communications

**SITE NO./NAME:** CT 2296 GRANBY EAST

As required by the Council, I have provided notice to the Chief Elected Officials for the Town of Canton, Southington, Granby, West Hartford and East Windsor and included a copy of same in the modification notice. I have also enclosed *twenty five (25) copies* of the Notice of Exempt Modification for each site and the required application fee in the amount of Five Hundred and 00/100 (\$500.00) Dollars.

If possible, please provide me with the hearing date for these matters and should you or your staff require any additional documentation to complete these filings please do not hesitate to contact me.

Thank you for your assistance.

# **NOTICE OF EXEMPT MODIFICATIONS**

**(Pursuant to RCSA § 16-50j-72(b))**

**LOCATION:** 14 Canton Spring Road, Canton, CT  
Latitude: 41-49-22 / Longitude: 72-53-44.2

**CARRIER/USER:** AT&T Wireless now known as New Cingular Wireless PCS, LLC,  
a Delaware limited liability company with a mailing address of  
6100 Atlantic Boulevard, Norcross, Georgia 30071

**OWNER:** Verizon Wireless

**TOWER TYPE:** M

**TOWER HEIGHT:** 140 FEET

**ELEVATION:** 341 FEET

**EQUIPMENT TYPE:** Allgon 7250.03 panel antennas

**ANTENNA HEIGHT:** 80 feet

**EQUIPMENT BLDG:** No – outdoor cabinets only

**SITE REFERENCE:** CT 5850 CANTON SE

**DATE:** November 29, 2006

## **A. Summary**

As a result of the merger of AT&T Wireless (“AT&T”) and New Cingular Wireless PCS, LLC (“Cingular”), Cingular desires to decommission sites located within the State of Connecticut. In particular Cingular is removing the AT&T Wireless antennas and a portion of the associated equipment located at the above-referenced site. Cingular will no longer require the use and operation of the AT&T Wireless portion of the above site and requests the Siting Council to allow this exempt modification.

## **B. Compliance with RCSA §16-50j-72(b)**

The modifications Cingular is requesting comply with the requirements of RCSA §16-50j-72(b) because they do not have any substantial adverse environmental effect detailed as follows:

1. The facility is located at 14 Canton Spring Road, Canton, CT (Latitude: 41-49-22 / Longitude: 72-53-44.2). The AT&T antennas have a rad center of 80 feet. The existing equipment is located inside the interior of the existing site compound and will not extend the boundaries of the existing tower site. *See attached photographs marked as Exhibit "A"*.
2. Cingular will be ceasing operations of the AT&T antennas, coaxial cable and other equipment located at this site. The antennas, mounts, coaxial cable, 911 and other equipment cabinets are to be removed. The ice bridge, platform, concrete pad, power box, telco box and backboard to remain at the site. Conduit feeds into power and telco feeder hookups have been cut and capped at grade and will remain at the site. *See attached photographs marked as Exhibit "B"*.
3. The cessation of operation and removal of the AT&T antennas and associated equipment complies with the requirements of RCSA § 16-50j-72(b) because:
  - The cessation of operation and removal of the AT&T equipment will not increase the tower height;
  - The cessation of operation and removal of the AT&T equipment will not extend the boundaries of the tower site;
  - The cessation of operation and removal of the AT&T equipment will not increase noise levels at the tower site boundary by 6 decibels but will reduce it;
  - The cessation of operation and removal of the AT&T equipment will not add radio frequency sending or receiving capability which increases the total radio frequency electromagnetic radiation power density measured at the tower site boundary to or above the standard adopted by the State Department of Environmental Protection pursuant to §22a-162 of the Connecticut General Statutes but will reduce it.
4. In addition, the work associated with Cingular's cessation of operation of AT&T equipment shall be done in the same workmanlike manner as any replacement of facility components would be handled in accordance with RCSA §16-50j-72(b)(1) regarding routine general maintenance; and
5. Said cessation of operation and removal of AT&T antennas and equipment is necessary for the reliable operation of the Cingular network.

### **C. Prior Decision and Order**

No Siting Council decision is available for reference; however, the modifications Cingular is requesting comply with the requirements of RCSA §16-50j-72(b) regarding this site. The AT&T Wireless antennas and associated equipment were allowed pursuant

to a notice of intent to modify an existing telecommunications facility on or about May 7, 2002.

**D. Municipality Notification**

The modifications Cingular is requesting comply with the requirements of RCSA §16-50j-72(b) and Cingular has notified the Town of Canton of its intention to cease the operations of the AT&T Wireless antennas and associated equipment at this site. *See attached Municipal Notice marked as Exhibit "C".*

**E. Tower Owner Notification and Acceptance of Assets**

Cingular has also provided notice to the tower owner, Verizon Wireless of Cingular's intention to cease operations and remove the AT&T antennas and equipment at this site and met its obligations under the Lease between the parties. *See attached Michelle Kababik correspondence and landlord acknowledgement to Harry May marked as Exhibit "D".*

Cingular has also transferred ownership interest in the AT&T antennas, equipment and fixtures which remain at the site to the Tower Owner.

**F. Conclusion**

Based upon the foregoing information, Cingular requests the Connecticut Siting Council approve Cingular's request for an Exempt Modification pursuant to §16-50j-72(b) at 14 Canton Spring Road, Canton, CT (Latitude: 41-49-22 / Longitude: 72-53-44.2).

**Re: Site # and Name: CT 2330 Canton SE**  
**Facility address: 14 Canton Spring Road, Canton, CT**

Dear Ms. Kababik:

As Cingular ends our relationship with Verizon Wireless on the above-referenced site, New Cingular Wireless, LLC seeks to confirm that it has met its obligations regarding the removal of its equipment and restoration of your property as detailed by the terms of our lease. Specifically, pursuant to your emails and the requests of Mark Goguon, Connecticut Site Supervisor, the following items **were removed** from the site and our work on this location and has been fully completed:

- Remove all coax cable from tower and adjoining ice bridge to lease area;
- Remove all antennas and mounts;

The following items have remained on site **in tact**:

- Platform on tower to remain;
- Ice bridge to remain;
- Coax and conduits from power and telco feeder hookups to backboard at lease area to remain in ground, interior cables to be removed from conduits and conduits capped;
- Backboard to remain;
- Power and telco boxes mounted on backboard to remain;
- Pad to remain.

If the site is complete based upon the above, please review the correspondence that Cingular requires be addressed to Harry May, Site Restoration Project Manager which

Dear Mr. Lambert:

As Cingular ends our relationship with American Tower Corporation on the above-referenced site, Cingular Wireless, LLC seeks to confirm that it has met its obligations regarding the removal of its equipment and restoration of your property. Specifically, pursuant to the agreement of Tom Burgoyne, Connecticut Site Supervisor, the following took place at this site and has been fully completed:

- Remove 911 cabinet;
- Remove all coax cable from tower and ice bridge;
- Remove all antennas and mounts;
- Remove all grounding and conduit from pad;
- Cut and cap conduit feeds into power and telco boxes at grade;
- Strip conduits back to meter;
- Ice bridge to remain, power and telco boxes to remain; conduit feeds to remain; concrete pad to remain.

Enclosed is an original Bill of Sale and the Cingular Site Closure correspondence to Harry May, Site Restoration Project Manager which will indicate ATC's approval of our site removal work. Please return fully executed copies of the Bill of Sale and May letter to me so that I may close out this site.

Thank you for all your assistance on this matter.

## **NOTICE OF EXEMPT MODIFICATIONS**

**(Pursuant to RCSA § 16-50j-72(b))**

**LOCATION:** 232 South Main Street, East Windsor, CT  
Latitude: 41-52-37.8 / Longitude: 72-36-38.8

**CARRIER/USER:** AT&T Wireless now known as New Cingular Wireless PCS, LLC,  
a Delaware limited liability company with a mailing address of  
6100 Atlantic Boulevard, Norcross, Georgia 30071

**OWNER:** Balch Bridge Street Corp.

**TOWER TYPE:** SSL

**TOWER HEIGHT:** 188 FEET

**ELEVATION:** 56 FEET

**EQUIPMENT TYPE:** Allgon 7250.03 panel antennas

**ANTENNA HEIGHT:** 184 feet

**EQUIPMENT BLDG:** No – outdoor cabinets only

**SITE REFERENCE:** **CT 2303 EAST WINDSOR SW**

**DATE:** November 29, 2006

### **A. Summary**

As a result of the merger of AT&T Wireless (“AT&T”) and New Cingular Wireless PCS, LLC (“Cingular”), Cingular desires to decommission sites located within the State of Connecticut. In particular Cingular is removing the AT&T Wireless antennas and a portion of the associated equipment located at the above-referenced site. Cingular will no longer require the use and operation of the AT&T Wireless portion of the above site and requests the Siting Council to allow this exempt modification.

### **B. Compliance with RCSA §16-50j-72(b)**

The modifications Cingular is requesting comply with the requirements of RCSA §16-50j-72(b) because they do not have any substantial adverse environmental effect detailed as follows:

1. The facility is located at 232 South Main Street, East Windsor, CT (Latitude: 41-52-37.8 / Longitude: 72-36-38.8). The AT&T antennas have a rad center of 184 feet. The existing equipment is located inside the interior of the existing site compound and will not extend the boundaries of the existing tower site. *See attached photographs marked as Exhibit "A"*.
2. Cingular will be ceasing operations of the AT&T antennas, coaxial cable and other equipment located at this site. The antennas, mounts, coaxial cable, 911 cabinet, ice bridge, concrete pad, power box, telco box, backboard, conduit feeds into power and telco feeder hookups will be removed from the site. *See attached photographs marked as Exhibit "B"*.
3. The cessation of operation and removal of the AT&T antennas and associated equipment complies with the requirements of RCSA § 16-50j-72(b) because:
  - The cessation of operation and removal of the AT&T equipment will not increase the tower height;
  - The cessation of operation and removal of the AT&T equipment will not extend the boundaries of the tower site;
  - The cessation of operation and removal of the AT&T equipment will not increase noise levels at the tower site boundary by 6 decibels but will reduce it;
  - The cessation of operation and removal of the AT&T equipment will not add radio frequency sending or receiving capability which increases the total radio frequency electromagnetic radiation power density measured at the tower site boundary to or above the standard adopted by the State Department of Environmental Protection pursuant to §22a-162 of the Connecticut General Statutes but will reduce it.
4. In addition, the work associated with Cingular's cessation of operation of AT&T equipment shall be done in the same workmanlike manner as any replacement of facility components would be handled in accordance with RCSA §16-50j-72(b)(1) regarding routine general maintenance; and
5. Said cessation of operation and removal of AT&T antennas and equipment is necessary for the reliable operation of the Cingular network.

### **C. Prior Decision and Order**

No Siting Council decision is available for reference; however, the modifications Cingular is requesting comply with the requirements of RCSA §16-50j-72(b) regarding this site. The AT&T Wireless antennas and associated equipment were allowed pursuant to a notice of intent to modify an existing telecommunications facility on or about May 21, 2002.

**D. Municipality Notification**

The modifications Cingular is requesting comply with the requirements of RCSA §16-50j-72(b) and Cingular has notified the Town of East Windsor of its intention to cease the operations of the AT&T Wireless antennas and associated equipment at this site. *See attached Municipal Notice marked as Exhibit "C".*

**E. Tower Owner Notification and Acceptance of Assets**

Cingular has also provided notice to the tower owner, American Towers, Inc. a/k/a American Tower Corporation of Cingular's intention to cease operations and remove the AT&T antennas and equipment at this site.

**F. Conclusion**

Based upon the foregoing information, Cingular requests the Connecticut Siting Council approve Cingular's request for an Exempt Modification pursuant to §16-50j-72(b) at 232 South Main Street, East Windsor, CT (Latitude: 41-52-37.8 / Longitude: 72-36-38.8).

## **A. Summary**

As a result of the merger of AT&T Wireless (“AT&T”) and New Cingular Wireless PCS, LLC (“Cingular”), Cingular desires to decommission sites located within the State of Connecticut. In particular Cingular is removing the AT&T Wireless antennas and a portion of the associated equipment located at the above-referenced site. Cingular will no longer require the use and operation of the AT&T Wireless portion of the above site and requests the Siting Council to allow this exempt modification.

## **B. Compliance with RCSA §16-50j-72(b)**

The modifications Cingular is requesting comply with the requirements of RCSA §16-50j-72(b) because they do not have any substantial adverse environmental effect detailed as follows:

1. The facility is located at 3114 Albany Avenue, West Hartford, CT (Latitude: Latitude: 41-47-48.52 / Longitude: 72-47-48.6). The AT&T antennas have a rad center of 140 feet. The existing equipment is located inside the interior of the existing site compound and will not extend the boundaries of the existing tower site. *See attached photographs marked as Exhibit "A"*.
2. Cingular will be ceasing operations of the AT&T antennas, mounts, coaxial cable and other equipment located at this site. The antennas, mounts, coaxial cable, 911 cabinet will be removed. The concrete pad, power panel, telco panel, backboard, cable ladders and transmission line support system will remain at the site. The power and telco feeder conduits will be cut and capped at grade and are to remain. *See attached photographs marked as Exhibit "B"*.
3. The cessation of operation and removal of the AT&T antennas and associated equipment complies with the requirements of RCSA § 16-50j-72(b) because:
  - The cessation of operation and removal of the AT&T equipment will not increase the tower height;
  - The cessation of operation and removal of the AT&T equipment will not extend the boundaries of the tower site;
  - The cessation of operation and removal of the AT&T equipment will not increase noise levels at the tower site boundary by 6 decibels but will reduce it;
  - The cessation of operation and removal of the AT&T equipment will not add radio frequency sending or receiving capability which increases the total radio frequency electromagnetic radiation power density measured at the tower site boundary to or above the standard adopted by the State Department of Environmental Protection pursuant to §22a-162 of the Connecticut General Statutes but will reduce it.
4. In addition, the work associated with Cingular's cessation of operation of AT&T equipment shall be done in the same workmanlike manner as any replacement of facility components would be handled in accordance with RCSA §16-50j-72(b)(1) regarding routine general maintenance; and

### **C. Prior Decision and Order**

No Siting Council decision is available for reference; however, the modifications Cingular is requesting comply with the requirements of RCSA §16-50j-72(b) regarding this site. The AT&T Wireless antennas and associated equipment were allowed pursuant

to a notice of intent to modify an existing telecommunications facility on or about April 30, 2002.

**D. Municipality Notification**

The modifications Cingular is requesting comply with the requirements of RCSA §16-50j-72(b) and Cingular has notified the Town of West Hartford of its intention to cease the operations of the AT&T Wireless antennas and associated equipment at this site. *See attached Municipal Notice marked as Exhibit "C".*

**E. Tower Owner Notification and Acceptance of Assets**

Cingular has also provided notice to the tower owner, Marlin Towers LLC of Cingular's intention to cease operations and remove the AT&T antennas and equipment at this site and met its obligations under the Lease between the parties. *See attached landlord acknowledgement to Harry May marked as Exhibit "D".*

**F. Conclusion**

Based upon the foregoing information, Cingular requests the Connecticut Siting Council approve Cingular's request for an Exempt Modification pursuant to §16-50j-72(b) at 3114 Albany Avenue, West Hartford, CT (Latitude: Latitude: 41-47-48.52 / Longitude: 72-47-48.6).

### **A. Summary**

As a result of the merger of AT&T Wireless (“AT&T”) and New Cingular Wireless PCS, LLC (“Cingular”), Cingular desires to decommission sites located within the State of Connecticut. In particular Cingular is removing the AT&T Wireless antennas and a portion of the associated equipment located at the above-referenced site. Cingular will no longer require the use and operation of the AT&T Wireless portion of the above site and requests the Siting Council to allow this exempt modification.

### **B. Compliance with RCSA §16-50j-72(b)**

The modifications Cingular is requesting comply with the requirements of RCSA §16-50j-72(b) because they do not have any substantial adverse environmental effect detailed as follows:

1. The facility is located at 15 North Granby Road, Granby, CT (Latitude: 41-57-12.71 / Longitude: 72-47-38 ). The AT&T antennas have a rad center of 110 feet. The existing equipment is located inside the interior of the existing site compound and will not extend the boundaries of the existing tower site. *See attached photographs marked as Exhibit "A"*.
2. Cingular will be ceasing operations of the AT&T antennas, mounts, coaxial cable and other equipment located at this site. The concrete pads (two), antennas, mounts, coaxial cable, 911 cabinets, power and telco cabinets and ice bridge will be removed. The power meter will remain at the site. The power and telco feeder conduits will be cut and capped at grade and are to remain. *See attached photographs marked as Exhibit "B"*.
3. The cessation of operation and removal of the AT&T antennas and associated equipment complies with the requirements of RCSA § 16-50j-72(b) because:
  - The cessation of operation and removal of the AT&T equipment will not increase the tower height;
  - The cessation of operation and removal of the AT&T equipment will not extend the boundaries of the tower site;
  - The cessation of operation and removal of the AT&T equipment will not increase noise levels at the tower site boundary by 6 decibels but will reduce it;
  - The cessation of operation and removal of the AT&T equipment will not add radio frequency sending or receiving capability which increases the total radio frequency electromagnetic radiation power density measured at the tower site boundary to or above the standard adopted by the State Department of Environmental Protection pursuant to §22a-162 of the Connecticut General Statutes but will reduce it.
4. In addition, the work associated with Cingular's cessation of operation of AT&T equipment shall be done in the same workmanlike manner as any replacement of facility components would be handled in accordance with RCSA §16-50j-72(b)(1) regarding routine general maintenance; and
5. Said cessation of operation and removal of AT&T antennas and equipment is necessary for the reliable operation of the Cingular network.

### **C. Prior Decision and Order**

No Siting Council decision is available for reference; however, the modifications Cingular is requesting comply with the requirements of RCSA §16-50j-72(b) regarding this site. The AT&T Wireless antennas and associated equipment were allowed pursuant

to a notice of intent to modify an existing telecommunications facility on or about April 25, 2002.

**D. Municipality Notification**

The modifications Cingular is requesting comply with the requirements of RCSA §16-50j-72(b) and Cingular has notified the Town of Granby of its intention to cease the operations of the AT&T Wireless antennas and associated equipment at this site. *See attached Municipal Notice marked as Exhibit "C".*

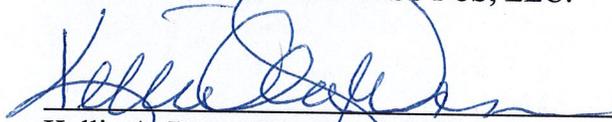

**E. Tower Owner Notification and Acceptance of Assets**

Cingular has also provided notice to the tower owner, Sprint of Cingular's intention to cease operations and remove the AT&T antennas and equipment at this site and met its obligations under the Lease between the parties.

**F. Conclusion**

Based upon the foregoing information, Cingular requests the Connecticut Siting Council approve Cingular's request for an Exempt Modification pursuant to §16-50j-72(b) at 3114 Albany Avenue, West Hartford, CT (Latitude: Latitude: 41-47-48.52 / Longitude: 72-47-48.6).
