Mark Roberts  
QC Development  
P.O. Box 916  
Storrs, CT 06268

RE: **EM-AT&T -034-180723** – AT&T notice of intent to modify an existing telecommunications facility located at 303 Boxwood Lane, Danbury, Connecticut.

Dear Mr. Roberts:

The Connecticut Siting Council (Council) received a notice of intent to modify the above-referenced facility on July 23, 2018.

According to Section 16-50j-71 of the Regulations of Connecticut State Agencies, "...any modification, as defined in Section 16-50j-2a of the Regulations of Connecticut State Agencies, to an existing tower site, except as specified in Sections 16-50j-72 and 16-50j-88 of the Regulations of Connecticut State Agencies, may have a substantial adverse environmental effect."

Staff has reviewed this exempt modification request for completeness and has identified a deficiency in the structural analysis report provided with the above filing. The above-referenced exempt modification filing includes a structural analysis report dated July 5, 2018. Previous to that date, the Council acknowledged a T-Mobile exempt modification on June 12, 2017 with a structural report dated April 21, 2017.

The July 5, 2018 structural analysis report provided with your filing, does not account for the approved T-Mobile equipment. Please refer to T-Mobile's May 12, 2017 request for exempt modification for this facility (EM-T-Mobile-034-170519) available on the Council's website at the following link:

[https://www.ct.gov/csc/lib/csc/ems/danbury/boxwoodla/t-mobile/em-t-mobile-034-170519\\_filing\\_boxwoodlane.pdf](https://www.ct.gov/csc/lib/csc/ems/danbury/boxwoodla/t-mobile/em-t-mobile-034-170519_filing_boxwoodlane.pdf)

Therefore, the exempt modification request is incomplete at this time. The Council recommends that QC Development provide an updated structural analysis report accounting for T-Mobile's approved equipment, as well as any required mount modifications included in the mount analysis report on or before September 14, 2018. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to September 14, 2018.

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

Melanie Bachman  
Executive Director

MAB/MP/IN

C: The Honorable Mark D. Boughton, Mayor, City of Danbury  
Sharon Calitro, Director of Planning & Zoning, City of Danbury
