RE: **EM-AT&T-054-170306** – AT&T Wireless notice of intent to modify an existing telecommunications facility located at 577 Bell Street, Glastonbury, Connecticut.

Dear Mr. Andrews:

The Connecticut Siting Council (Council) received a notice of intent to modify the above-referenced facility on March 6, 2017.

Staff has reviewed this exempt modification request for completeness and has identified the following deficiencies:

1. identification of the property owner and proper parcel address with a corresponding parcel map was not provided; and
2. Bennett and Pless Tower modification drawings dated January 20, 2017 are not included in the structural analysis.

Therefore, the exempt modification request is incomplete at this time. The Council recommends that Empire Telecom submit the above information on or before March 24, 2017. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to March 24, 2017.

According to Section 16-50j-71 of the Regulations of Connecticut State Agencies, "...any modification, as defined in Section 16-50j-2a of the Regulations of Connecticut State Agencies, to an existing tower site, except as specified in Sections 16-50j-72 and 16-50j-88 of the Regulations of Connecticut State Agencies, may have a substantial adverse environmental effect."

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Very truly yours,
