RE: **EM-AT&T-086-181029** – AT&T notice of intent to modify an existing telecommunications facility located at 57 Cook Drive, Uncasville (Montville), Connecticut.

Dear Mr. Barbagallo:

The Connecticut Siting Council (Council) received a notice of intent to modify the above-referenced facility on October 29, 2018.

According to Section 16-50j-71 of the Regulations of Connecticut State Agencies, "...any modification, as defined in Section 16-50j-2a of the Regulations of Connecticut State Agencies, to an existing tower site, except as specified in Sections 16-50j-72 and 16-50j-88 of the Regulations of Connecticut State Agencies, may have a substantial adverse environmental effect."

Staff has reviewed this exempt modification request for completeness and has identified a deficiency in the Structural Analysis (SA) Report provided with the filing. The Structural Analysis Report provided is prepared by Maser Consulting and dated October 5, 2018. The Council had received a request for exempt modification from Sprint for the same facility in August of 2018. Staff observed that, the equipment shown on the Designed Appurtenance Loading table, on Drawing No. E1 of Appendix A of the SA Report is highly inconsistent with that of the Sprint submission, which is the most recently submitted SA Report for this tower. The above-referenced request for exempt modification does not include Sprint's approved equipment; Please see Sprint's exempt modification filing for this facility, which may be found on the Council's website under the Decisions page in Montville under the filing number EM-SPRINT-086-180828 or by following the link:

https://www.ct.gov/csc/lib/csc/ems/montville/cookrd/sprint/em-sprint-086-180828_filing_cookdr.pdf

Therefore, the exempt modification request is incomplete at this time. The Council recommends that Smartlink provide an updated Structural Analysis Report for the facility that includes proposed and approved equipment by Sprint and other entities that are located at this facility on or before December 3, 2018. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to December 3, 2018.

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

Melanie Bachman
Executive Director

MAB/FOC/IN

c: The Honorable Ronald K. McDaniel, Mayor, Town of Montville
Marcia Vlaun, Town Planner, Town of Montville
