David Barbagallo  
Smartlink, LLC  
85 Rangeway Road, building 3, Suite 102  
North Billerica, MA 01862-2105

RE: **EM-AT&T-093-190816** – AT&T Mobility notice of intent to modify an existing telecommunications facility located at Wintergreen Avenue (West Rock Ridge), New Haven, Connecticut.

Dear Mr. Barbagallo:

The Connecticut Siting Council (Council) received a notice of intent to modify the above-referenced facility on August 16, 2019.

According to Section 16-50j-71 of the Regulations of Connecticut State Agencies, "...any modification, as defined in Section 16-50j-2a of the Regulations of Connecticut State Agencies, to an existing tower site, except as specified in Sections 16-50j-72 and 16-50j-88 of the Regulations of Connecticut State Agencies, may have a substantial adverse environmental effect."

Staff has reviewed this exempt modification request for completeness and has identified the following deficiencies in the submittal:

1. The request lacks documentation showing the original facility approval or correspondence with the City of New Haven stating it no longer retains records of its decision; and
2. The Detailed Structural Analysis (SA) prepared by AECOM and dated June 3, 2019 does not account for the proposed antenna mount replacement as shown in the Construction Drawings (CD) last revised August 5, 2019, the Mount Analysis (MA) dated August 5, 2019 and the cover letter. Sections 2 and 6 of the SA show tower face antenna mounts as part of the designed appurtenance loading for the tower. This is inconsistent with the proposed sector frame antenna mounts referenced in the cover letter, MA and CD.

Therefore, the exempt modification request is incomplete at this time. The Council recommends that Smartlink, LLC provide documentation showing the original facility approval with conditions if any or correspondence with the municipal authority stating that there are no records of the original facility approval, and a SA that accounts for the proposed antenna mount replacement on or before October 1, 2019. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to October 1, 2019. **Please provide an electronic version and one hard copy of the requested information for the incomplete exempt modification to be rendered complete and processed. Please include the Council's exempt modification identification number referenced above with the submittal.**

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

Melanie Bachman  
Executive Director

MAB/IN/emr
