RE: **EM-AT&T-094-180924** – AT&T notice of intent to modify an existing telecommunications facility located at 123 Costello Road, Newington, Connecticut.

Dear Mr. Wilson:

The Connecticut Siting Council (Council) received a notice of intent to modify the above-referenced facility on September 24, 2018. On September 26, 2018, the Council issued a letter (enclosed) stating that the above referenced request for exempt modification was incomplete because there was no proof of notice to the underlying property owner provided in the request and there were inconsistencies with the proposed antenna model and the proposed platform mount. The Council requested that Empire Telecom provide proof of proper notice of this exempt modification request to the chief elected official of the host municipality and the underlying property owner and provide clarification on the proposed antenna model and platform.

On October 29, 2018, the Council received an electronic mail with mailing receipts and the revised Construction Drawings and RF Emissions Analysis Report. The property card provided with the initial request shows Costello Industries Inc. as the underlying property owner, however the mailing receipts provided do not indicate that notice of the request was sent to the underlying property owner.

Therefore, the exempt modification request remains incomplete at this time. The Council recommends that Empire Telecom provide proof of proper notice of this exempt modification request to the underlying property owner on or before November 30, 2018. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to November 30, 2018.

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

Melanie Bachman
Executive Director

RE: **EM-AT&T-094-180924** – AT&T notice of intent to modify an existing telecommunications facility located at 123 Costello Road, Newington, Connecticut.

Dear Mr. Wilson:

The Connecticut Siting Council (Council) received a notice of intent to modify the above-referenced facility on September 24, 2018.

According to Section 16-50j-71 of the Regulations of Connecticut State Agencies, "...any modification, as defined in Section 16-50j-2a of the Regulations of Connecticut State Agencies, to an existing tower site, except as specified in Sections 16-50j-72 and 16-50j-88 of the Regulations of Connecticut State Agencies, may have a substantial adverse environmental effect."

Staff has reviewed this exempt modification request for completeness and has identified a deficiency in the filing due to lack of notice. The Council issued a memorandum on June 22, 2017 to entities requesting exempt modifications requiring a copy of the entire notice and attachments be physically mailed to the chief elected official of the host municipality and the underlying property owner and proof of such mailing shall be submitted to the Council with the request for exempt modification. See attached.

The above referenced request for exempt modification lacks proof that the entire request for exempt modification was physically mailed to the underlying property owner.

Staff also observed the following inconsistencies:

1. On page 3 of the Structural Analysis Report, Table 1 (Proposed Loading) indicates a platform change (Sitepro1 F3P-12W) however the construction drawing does not indicate a change in platform.
2. The proposed antenna model (HPA65RBUIH6) indicated in Table 1 of the Structural Analysis Report is inconsistent with that indicated in the RF System Schedule on Construction Drawing No. 3 and Table 3 of the Results of the RF Emissions Report.

Therefore, the exempt modification request is incomplete at this time. The Council recommends that Empire Telecom provide proof of proper notice of this exempt modification request to the underlying property owner and provide clarification on the proposed antenna model and platform on or before October 29, 2018. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to October 29, 2018.

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

A handwritten signature in black ink, appearing to read 'Melanie Bachman', with a horizontal line extending to the right.

MEMORANDUM

To: Telecommunications Carriers and their Representatives

From: Melanie Bachman, Executive Director *MAB*

Re: Exempt Modification/Tower Share Filing Notification

Date: June 22, 2017

Pursuant to Regulations of Connecticut State Agencies § 16-50j-73 and §16-50j-88, the April 2013 *Filing Guide for Modification of Existing Telecommunications Facilities*, and the August 2013 *Tower Share Filing Guide*, notice in writing shall be provided to “the Council, the property owner of record... and the chief elected official” of the intent to modify or share an existing telecommunications facility” (see Attachments).

Effective immediately, **a copy of the notice and the attachments**, including, but not limited to, engineering drawings, structural analysis (the structural analysis report without tower data and calculation appendices is sufficient) and power density calculation of the request for an exempt modification or tower share shall be physically mailed to the chief elected official of the host municipality and underlying property owner where the existing telecommunications facility is located and proof of mailing shall be submitted to the Council with the request. Proof of mailing requires an acknowledgment from the carrier (United States Postal Service or private carrier such as UPS/FedEx) that a parcel was delivered to the recipient. **E-mail service is unacceptable.**

Thank you in advance for your cooperation.

**RE: T-Mobile Tower Modifications, 21 Acorn Road, Branford CT
Reference Site # CTNH509A**

Dear Ms. Cornwall,

Please provide Altrio Investment Group (*Landlord and Property Owner*) with all pertinent documentation and information regarding modifications to the subject communication tower or ground lease area including structural analysis report, modification drawings, structural drawings, and drawings indicating T-Mobile equipment plans and elevations.

Please also notify all involved parties that any holes or penetrations in the building envelope are to be performed by the Landlord, Altrio Investment Group LLC and will be billed to the responsible parties.

Best regards,

Alfred J. Seccondino

Subject: RE: 41 Padanaram Road, Danbury CT 06811 (CT11896A L1900) T-Mobile Antenna EM Application

Good afternoon.

I received a call from Robin Edwards, Corporation Counsel for the City of Danbury. She was concerned about how notice of this request was provided to the City and indicated that it appeared the request was submitted through their "311 service?" From their website, this appears to be a City Service Request Form. I snipped the link to it below for your convenience. The cover letter indicates that a copy was sent to the Mayor and the Director of Planning. Could someone please confirm that a copy of the letter was actually sent rather than submitted to the "311 service" when you have a chance?

Thanks.
