RE: **EM-AT&T-100-180702** – AT&T notice of intent to modify an existing telecommunications facility located at 38 Lower Road, North Canaan, Connecticut.

Dear Ms. Love:

The Connecticut Siting Council (Council) is in receipt of your email correspondence of July 26, 2018 submitted in response to the Council's July 12, 2018 notification of an incomplete request for exempt modification with regard to the above-referenced matter.

The submission renders the request for exempt modification complete and the Council will process the request in accordance with the Federal Communications Commission 60-day timeframe.

Thank you for your attention and cooperation.

Sincerely,

Melanie A. Bachman
Executive Director

Subject: FW: Council Incomplete Letter for EM-AT&T-100-180702-LowerRd-NorthCanaan

Good morning Jenna,

I am responding to the letter dated July 12, 2018 stating below:

The above referenced request for exempt modification lacks proof that the entire request for exempt modification was physically mailed to the underlying property owner.

Therefore, the exempt modification request is incomplete at this time. The Council recommends that General Dynamics provide proof of proper notice of this exempt modification request to the underlying property owner on or before July 31, 2018. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to July 31, 2018.

I have attached the Federal Express notification that the Exempt Modification Letter dated June 28, 2018 was indeed delivered to the property owner – Litchfield County Dispatch, Inc. I have also discussed this with the property owner – Daniel Soule, Executive Director and he is cc'd on this email if further proof is required.

I believe all is in order for the CSC to approve the exempt modification to install an emergency backup generator.

Thank you.
