RE: **EM-AT&T-124-170117** – AT&T notice of intent to modify an existing telecommunications facility located at 6 Progress Avenue, Seymour, Connecticut.

Dear Ms. Snell:

The Connecticut Siting Council (Council) received a notice of intent to modify the above-referenced facility on January 17, 2017.

According to Section 16-50j-71 of the Regulations of Connecticut State Agencies, "...any modification, as defined in Section 16-50j-2a of the Regulations of Connecticut State Agencies, to an existing tower site, except as specified in Sections 16-50j-72 and 16-50j-88 of the Regulations of Connecticut State Agencies, may have a substantial adverse environmental effect."

Staff has reviewed this exempt modification request for completeness and has identified a deficiency in the filing, as follows:

Page 2, Item 6 of the filing refers to modification drawings dated November 18, 2016. These drawings were not included in the filing. Therefore, the exempt modification request is incomplete at this time.

The Council recommends that Empire Telecom USA, LLC submit the modification drawings by February 8, 2017. Please submit the referenced modification drawings, stamped by a Professional Engineer licensed in the State of Connecticut. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to February 8, 2017.

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Very truly yours,

Melanie Bachman  
Executive Director
