RE: **EM-AT&T-161-190415** – AT&T notice of intent to modify an existing telecommunications facility located at 289 (a/k/a 287) Danbury Road, Wilton, Connecticut.

Dear Ms. Love:

The Connecticut Siting Council (Council) received a notice of intent to modify the above-referenced facility on April 15, 2019.

According to Section 16-50j-71 of the Regulations of Connecticut State Agencies, "...any modification, as defined in Section 16-50j-2a of the Regulations of Connecticut State Agencies, to an existing tower site, except as specified in Sections 16-50j-72 and 16-50j-88 of the Regulations of Connecticut State Agencies, may have a substantial adverse environmental effect."

Staff has reviewed this exempt modification request for completeness and has identified a deficiency in the Construction Drawing (CD) dated March 22, 2019, and prepared by Ramaker and Associates Inc. The above-referenced document refers to the 2009 International Building Code (IBC); however, the 2018 CSBC which incorporates the 2015 IBC with amendments, became effective on October 1, 2018, and should be applied to this project.

Therefore, the exempt modification request is incomplete at this time. The Council recommends that General Dynamics Wireless Services provide an updated CD that references the 2018 CSBC, on or before May 19, 2019. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to May 19, 2019. **Please provide an electronic version and one hard copy of the CD for the incomplete request to be rendered complete and processed.**

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

Melanie Bachman
Executive Director

MAB/IN/emr
