Billerica, MA 01862

RE: **EM-AT&T-166-181203** – AT&T Mobility, LLC notice of intent to modify an existing telecommunications facility located at 1233 Wolcott Road, Wolcott, Connecticut.

Dear Mr. Joujoute:

The Connecticut Siting Council (Council) received a notice of intent to modify the above-referenced facility on December 3, 2018. On December 4, 2018 the Council issued a letter stating the request was incomplete because there was no proof that notice of the entire request had been mailed to the underlying property owner. On December 7, 2018 the Council received mailing receipts and issued an acknowledgement letter dated December 12, 2018.

Subsequently staff has reviewed this exempt modification request for completeness and has identified a deficiency in the request. The Construction Drawings by Maser Consulting last revised October 22, 2018 shows proposed mount modifications as part of this exempt modification request in sheets C-3 and S-1. However the Structural Analysis report dated November 2, 2018 and provided with the request does not incorporate the above-referenced mount modifications.

Therefore, the exempt modification request is incomplete at this time. The Council recommends that Smartlink provide an updated Structural Analysis Report and a mount analysis that incorporates the proposed mount modifications on or before January 31, 2019. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to January 31, 2019.

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

Melanie Bachman
Executive Director

MAB/FOC/in
