**Re: Status Update for Petition No. 922 - UIL Distributed Resources, LLC ("UDR") declaratory ruling that no Certificate of Environmental Compatibility is required for the installation of a Fuel Cell generating facility located at 1835 Hebron Avenue, Glastonbury, Connecticut - Notice of Completion of Construction to complete record**

Dear Chairman Stein and Executive Director Bachman:

UIL Distributed Resources, LLC ("UDR" or the "Company") hereby submits this request for a one-time waiver of the Connecticut Siting Council's ("CSC") Status Update Request ("CSC's Request") deadline of May 1, 2016 for compliance with the CSC's Request, dated April 5, 2016. UDR further requests that the CSC accept this late-filed Status Update in response to the CSC's Request. UDR's Status Update serves as notification that all construction activities associated with the above-referenced facilities were completed on May 24, 2016 and that such facilities achieved final acceptance and commercial operation on October 16, 2016.

Thank you for your consideration and thoughtful review of UDR's requests.

Sincerely,

By: Nicholas J. Cicale
