RE: **PETITION NO. 1154** – Eversource Energy petition for a declaratory ruling that no Certificate of Environmental Compatibility and Public Need is required for the proposed modifications to the existing Haddam Substation and associated 345-kV and 115-kV transmission lines located at 1384 Saybrook Road, Haddam, Connecticut.

Dear Attorney Ainsworth:

In response to your request of June 8, 2015, during a regular meeting held on June 11, 2015, the Connecticut Siting Council (Council) granted party and CEPA intervenor status in Petition No. 1154 to Fritz A. Dahlgren.

All filings submitted to the Council must consist of an original and 15 copies with the petition number, properly collated and paginated, and bound. In accordance with the State Solid Waste Management Plan, the Council is requesting that all filings be submitted on recyclable paper, primarily regular weight white office paper. Please avoid using heavy stock paper, colored paper, and metal or plastic binders and separators. It is also requested that an electronic version of all filings be sent to siting.council@ct.gov.

The Council's preferred service to parties and intervenors is electronic mail. If you wish to receive hard copies of documents via regular mail, please notify the Council in writing. Parties and intervenors are required to serve all other parties and intervenors a copy of any material submitted in this petition, unless service is waived.

Copies of all documents filed to date in this proceeding are available for your review at the Council's office and on the Council's website under pending proceedings. On the Council website you may sign up for our e-alert service. Please contact me if you require any further information regarding the Council's procedure.

Very truly yours,

Melanie Bachman
Acting Executive Director
