Re: **Petition No. 1156 – Eversource Energy Petition for a Declaratory Ruling that no Certificate of Environmental Compatibility and Public Need is Required for the Proposed Replacement of an Existing 120-Foot Tall Telecommunications Facility with a New 150-Foot Telecommunications Facility Located at Property Owned by Eversource Energy Used as a Service Center and Maintenance Yard, 2 Tindall Avenue, Norwalk, Connecticut**

Dear Ms. Bachman:

This letter is in response to your June 1, 2015 memorandum, regarding my client's interest in the proposed telecommunications facility referenced above. While Cellco does not currently have a lease agreement in place with Eversource for use of this tower, it is interested in sharing the facility.

Cellco's RF Engineers have performed a preliminary assessment of the area around the proposed facility and determined that it would like to install antennas at a height of 110 feet above ground level at this location.

Please let me know if you need any additional information.

Sincerely,

Kenneth C. Baldwin
