Mark R. Sussman, Esq.  
Murtha Cullina LLP  
City Place 1  
185 Asylum Street, 29th Floor  
Hartford, CT 06103

RE: **PETITION NO. 1159** - LSE Canis Major LLC declaratory ruling that no Certificate of Environmental Compatibility and Public Need is required for the proposed construction, operation, and maintenance of a 2.0 MW AC Solar Photovoltaic Electric Generating facility located at 1005 North Street, Suffield, Connecticut.

Dear Attorney Sussman:

Pursuant to Connecticut General Statutes §§ 4-176 and 16-50k, the Connecticut Siting Council (Council) issues declaratory rulings for modifications to existing facilities and facilities required to be approved by declaratory ruling per statute. The Council routinely imposes standard conditions when issuing declaratory rulings. The Council's declaratory rulings state, "...if the facility authorized herein is not fully constructed within three years...this decision shall be void." Furthermore, the Council may add site-specific conditions that require project developers to provide written confirmation to the Council that the conditions have been met.

To date, the Council is not in receipt of any communication that site-specific conditions applied to the above referenced declaratory ruling have been met. The Council is also not in receipt of any notification that construction has been completed.

The Council hereby requests compliance on these matters no later than January 31, 2019. If additional time is needed to gather the requested information, please notify the Council in writing prior to that date.

If you have any questions or concerns, please call the Council office at 860-827-2935.

Thank you for your attention to this matter.

Sincerely,

Melanie Bachman  
Executive Director

MAB/emr
