***Re: PETITION NO. 1178 – Fusion Solar Center LLC petition for a declaratory ruling that no Certificate of Environmental Compatibility and Public Need is required for the proposed construction, operation and maintenance of a ground-mounted 20 megawatt solar photovoltaic electric generating facility located on Potash Hill Road, Sprague, Connecticut***

Dear Attorney Bachman:

Pursuant to the Regulations of Connecticut State Agencies (“RCSA”) Section 16-50j-62(4)(c), Fusion Solar Center, LLC (“Fusion Solar”) hereby notifies the Connecticut Siting Council (“Council”) that its solar facility on Potash Hill Road, Sprague, Connecticut (the “Site”) achieved its commercial operation date on April 13, 2018.

Fusion Solar is in the process of developing Long-Term Control Measures for stormwater at the Site. Once the proposed Long-term Control Measures are approved by CT DEEP, Fusion Solar will construct them on the Site and comply with other CT DEEP requirements. Fusion Solar will submit a “Final Report” as required by RCSA Section 16-50j-62(4)(c) to the Council subsequent to the Connecticut DEEP approval of the constructed Long-Term Control Measures.
