RE: **PETITION NO. 1178** – Fusion Solar Center, LLC declaratory ruling that no Certificate of Environmental Compatibility and Public Need is required for the proposed construction, operation and maintenance of a ground-mounted 20 megawatt solar photovoltaic electric generating facility located on Potash Hill Road, Sprague, Connecticut. **D&M Plan Revision.**

Dear Attorney Baldwin:

The Connecticut Siting Council (Council) is in receipt of your correspondence dated December 6, 2016 regarding the revision to the Development and Management (D&M) Plan for the above-referenced site. The D&M Plan was approved by the Council on September 1, 2016 and included a condition (#4) that a copy of the final Stormwater Pollution Control Plan (SWPCP) shall be provided to the Council. The Council acknowledges receipt of the original, final SWPCP on September 9, 2016. In response to your December 6, 2016 request, Council staff hereby acknowledges receipt and approves of the revised, final SWPCP dated November 8, 2016, including the revisions required by the Connecticut Department of Energy and Environmental Protection.

Additionally, pursuant to Regulations of Connecticut State Agencies §16-50j-62(b), your request to modify the location of a portion of sediment control fencing and mulch berms in the southwestern portion of the project area is hereby approved. The relocation of these items is necessary due to a property boundary change and will allow all project work to remain within the host property boundaries.

This approval applies only to the D&M Plan revision dated December 6, 2016. Any significant changes to the D&M Plan require advance Council notification and approval.

Thank you for your attention and cooperation.

Very truly yours,

Melanie A. Bachman
Acting Executive Director

MB/MP

c: Council Members
The Honorable Catherine A. Osten, First Selectman, Town of Sprague
Joseph Smith, Zoning Enforcement Officer, Town of Sprague
