Subject: Fusion Solar Center – Sprague, CT

Ladies and Gentlemen – On behalf of DEPCOM Power (“DEPCOM”), I want to thank you all for joining us yesterday at the Fusion Solar Center project site. Your input, comments and concerns are important to us. I hope you took away from the meeting the general sense that the DEPCOM team wants to be cooperative and a “good neighbor” throughout the construction period.

Attached to this e-mail is a copy of the sign-in sheet from the meeting yesterday. If you have any comments or concerns regarding the project, activity of contractors on the site or off-site or wish to bring anything to the attention of DEPCOM, your initial points of contact should be:

Chance Combs, Construction Manager

ccombs@depcompower.com

817-219-7984

Nick Detelich, Project Manager

ndetelich@depcompower.com

417-689-4346

Lance Weinkamer, Project Manager

lweinkamer@depcompower.com

614-449-2011

In the unlikely event that you cannot reach Chance, Nick or Lance, you can also contact me at 860-275-8345 (kbaldwin@rc.com). I would also like to point out that all project plans, drawings, storm water reports, drainage designs and other related materials remain on file in the office of the Connecticut Siting Council and can be accessed electronically at www.ct.gov/csc. All materials are listed under Petition No. 1178.

Throughout the remainder of the construction process DEPCOM will be providing the Siting Council with environmental monitoring reports and periodic updates on the status of construction activity. To date, three (3) environmental monitoring reports and one construction status report have been filed with the Siting Council. Copies of these documents are also attached. Future reports will be forwarded to you directly once they are filed. Our goal is to keep the Siting Council, its staff, Town officials and you, the neighbors, up to date on all site development activities.

Again, thank you for spending part of your afternoon with us yesterday. DEPCOM looks forward to working cooperatively with you for the remainder of the construction phase of the project.

****Those of you who attended the meeting but do not have an e-mail address will be send hard copies of this e-mail and the attached filings.****
