RE: **PETITION NO. 1183** - Wallingford Energy II, LLC petition for a declaratory ruling that no Certificate of Environmental Compatibility and Public Need is required for the proposed construction and operation of two natural gas fired 50 megawatt peaking units and associated equipment at an existing electric generating facility located at 115 John Street, Wallingford, Connecticut.

Dear Attorney Boye-Williams:

Pursuant to Regulations of Connecticut State Agencies §16-50j-62 (b) and in response to the correspondence dated November 2, 2016, the Connecticut Siting Council (Council) staff hereby approves a revision to the Development and Management (D&M) Plan to allow the water line route modification, a new hydrant to be installed on the western side of the new access road, installation of a new above-ground wastewater tank, modification of the landscaping plan, and installation of auxiliary equipment such as the fuel gas coalescing skids and 480-Volt switchgear for Units 6 and 7.

This approval applies only to the request received on November 2, 2016 and additional information received on November 7, 2016. Any additional changes to the D&M Plan require advance notification and approval in accordance with the Council's approval of the D&M Plan on September 29, 2016. Furthermore, the petitioner is responsible for reporting requirements pursuant to Regulations of Connecticut State Agencies Section 16-50j-62.

Please be advised that deviations from this plan are enforceable under the provisions of the Connecticut General Statutes § 16-50u. Thank you for your attention and cooperation.

Very truly yours,

Melanie A. Bachman
Acting Executive Director

MB/MP
