Re: Petition No. 1226 Towantic Switching Station and Line Modification Project
Notice of Construction Completion

Dear Chairman Stein:

On May 27, 2016, Eversource Energy (“Eversource”) received a declaratory ruling from the Connecticut Siting Council (“Council”) that a Certificate of Environmental Compatibility and Public Need would not be required for the work proposed in Petition No. 1226, subject to conditions. Among other conditions of the ruling, the Council required that Eversource submit the following item:

- Within 45 days after completion of construction, the Council shall be notified in writing that the construction has been completed.

The construction was completed on October 12, 2018.

Enclosed are this original and two (2) copies of this Notice of Construction Completion.

Sincerely,

A handwritten signature in blue ink, appearing to read "Kathleen M. Shanley", with a large, stylized flourish at the end.
