RE: **PETITION NO. 1267** - Doosan Fuel Cell America Inc. petition for a declaratory ruling that no Certificate of Environmental Compatibility and Public Need is required for the construction, operation and maintenance of a customer-side 460-kilowatt combined heat and power fuel cell facility to be located at the Glastonbury High School, 330 Hubbard Street, Glastonbury, Connecticut.

Dear Attorney Mahoney:

The Connecticut Siting Council (Council) is in receipt of your letter dated November 9, 2016 requesting withdrawal of the above-referenced petition for a declaratory ruling. The Council hereby acknowledges your request to withdraw the petition without prejudice.

The Council declares this matter to no longer be pending before this agency. Please note that if you decide to present an amended petition for a declaratory ruling to the Council for a fuel cell facility at the Glastonbury High School, 330 Hubbard Street in Glastonbury that such a request will need to be submitted as a new petition for a declaratory ruling that must follow the applicable statutory and regulatory requirements for a new petition for a declaratory ruling.

Should you have any questions, please feel free to contact the Council office.

Thank you for your attention to this important matter.

Sincerely,
