RE: Petition No. 1287: Redding to Wilton Project
Abutter Notification

Dear Chairman Stein:

The Connecticut Light and Power Company doing business as Eversource Energy (Eversource) is hereby submitting a response to the Connecticut Siting Council's letter dated January 31, 2017.

The corrections to Petition 1287 - Attachment A are as follows:

- Line List #s 153, 154 and 301 property owner names were missing on the map text; however, on January 25, 2017, Eversource provided notice to these abutting property owners, see Attachment.
- Sheet 10: The property east of Line List #301 is owned by the Town of Wilton. The Town was notified through Eversource's outreach efforts and through the notice of other properties owned by the Town.
- Sheet 7: The property owner of Line List #224 is not an abutter to the project site and should be removed from the list of abutters. The property owner was not notified of the project.
- Sheet 7: The property owner (Nava Gueron) of Line List #225 is the same owner as Line List #228. The property owner was notified of the Project on January 25, 2017.

Attached is an original and 15 copies of a Supplemental Affidavit of Service of Notice of the Redding to Wilton Project regarding service on the listed property owners.

Should you or other Council members have any questions regarding this submission, please do not hesitate to contact me via e-mail at kathleen.shanley@eversource.com or telephone at (860) 728-4527.

Sincerely,

Kathleen M. Shanley
Manager, Transmission Siting
