The Honorable Julia Pemberton
First Selectman
Town of Redding
100 Hill Road
Redding, CT 06875

RE: **PETITION NO. 1287** - Eversource Energy petition for a declaratory ruling that no Certificate of Environmental Compatibility and Public Need is required for the proposed Redding to Wilton Project that includes structure and conductor replacements of approximately 5 miles of its existing No. 1470 115-kilovolt electric transmission line within existing Eversource electric transmission line right of way between the existing Peaceable Station located at 520 Peaceable Street in Redding, Connecticut and the existing Wilton Substation located at 53 Old Danbury Road in Wilton, Connecticut, and related substation and transmission line structure improvements.

Dear First Selectman Pemberton:

Pursuant to Connecticut General Statutes §16-50k, the Connecticut Siting Council (Council) is in receipt of a petition for a declaratory ruling to make modifications/improvements to an existing transmission line and related substations in the towns of Wilton, Weston, and Redding.

In accordance with Section 16-50j-40 of the Regulations of Connecticut State Agencies, on or about January 26, 2017, written notice of the intent to file the petition for a declaratory ruling was provided to the Council, the property owner of record, abutting property owners and the chief elected official of each municipality in which the proposed project is located.

Should you have any questions or comments regarding the above-referenced petition for a declaratory ruling, please feel free to call me at 860-827-2951 or submit written comments to the Council by March 1, 2017.

Thank you for your consideration.

Sincerely,

Melanie A. Bachman
Executive Director
