Robert Stein, Chairman
Connecticut Siting Council
Ten Franklin Square
New Britain, CT 06051

Re: Petition No. 1201
1810 Line Upgrade Project
Landscaping Plan

Dear Chairman Stein:

On January 25, 2016, The Connecticut Light and Power Company doing business as Eversource Energy ("Eversource") received a declaratory ruling from the Connecticut Siting Council ("Council") that a Certificate of Environmental Compatibility and Public Need would not be required for the work proposed in Petition No. 1201 (the "Project"), subject to conditions. As a condition of the ruling, the Council required Eversource to prepare a Landscaping Plan ("Plan") in consultation with Spring Lake Village Condominiums Complex and other abutters to mitigate visual impacts of the Project right-of-way ("ROW") clearing.

In compliance with this condition, Eversource is submitting the attached Plan, which depicts restoration planting for the 21 locations shown on the Attachment. The Plan was developed in consultation with the abutters/residents along the Project ROW to mitigate the visual impacts of clearing. The landscaping will be installed at the completion of the Project construction.

Eversource is submitting this letter, along with the attachment, to comply with the above condition.

Enclosed are fifteen (15) copies of the Landscaping Plan.

Sincerely,

A handwritten signature in blue ink, appearing to read "Kathleen M. Shanley", written over a light blue rectangular background.

Kathleen M. Shanley
Manager – Transmission Siting

Attachment: 1810 Line Landscape Plan
