Amy Shanahan  
Bloom Energy Corporation  
1299 Orleans Drive  
Sunnyvale, CA 94089

**RE: PETITION NO. 1048** – BE 2012 W LLC petition for a declaratory ruling that no Certificate of Environmental Compatibility and Public Need is required for the installation of a 250 kW Fuel Cell to be located at Sam's Club, 69 Pavilions Drive, Manchester, Connecticut.

**PETITION NO. 1208** – Bloom Energy Corporation, as an agent for Wal-mart Stores, Inc., petition for a declaratory ruling that no Certificate of Environmental Compatibility and Public Need is required for the construction, operation and maintenance of a Customer-Side 200-Kilowatt Fuel Cell Facility to be located at the Sam's Club store, 69 Pavillions Drive, Manchester, Connecticut.

Dear Ms. Shanahan:

On December 3, 2012, the Connecticut Siting Council (Council) received a petition from BE 2012 W LLC for a declaratory ruling that no Certificate of Environmental Compatibility and Public need is required for the installation of one 250-kW Bloom Energy Corporation (Bloom) fuel cell facility at Sam's Club at 69 Pavilions Drive, Manchester. This petition, known as Petition No. 1048, was approved by the Council on January 10, 2013. On December 23, 2015, Bloom (on behalf of Walmart Stores, Inc.) submitted the instant petition for the installation of a 200-kW fuel cell facility in a different location on the same subject property. However, Petition No. 1208 does not clearly indicate that it would supersede the previous petition.

For our records, please provide a signed letter from Bloom indicating that it withdraws Petition No. 1048 and that the current pending Petition No. 1208 would supersede Petition No. 1048, no later than February 2, 2016.

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

Melanie A. Bachman  
Acting Executive Director/Staff Attorney
