RE: **PETITION NO. 1214** - Groton Fuel Cell 1, LLC petition for a Declaratory Ruling that no Certificate of Environmental Compatibility and Public Need is required for the construction, maintenance, and operation of a 5.6 megawatt fuel cell combined heat and power electric generating facility located at the Pfizer Groton campus, 445 Eastern Point Road, Groton, Connecticut.

Dear Attorney Studer:

At a public meeting held on March 3, 2016, the Connecticut Siting Council (Council) considered and denied the City of Groton's (City) Request for Continuance dated March 2, 2016, to postpone the issuance of a decision in the above-referenced matter on the basis that the City's concerns are outside the scope of the Council's proceeding.

Thank you for your attention and cooperation. Please do not hesitate to contact our office if you should have any questions.

Very truly yours,

Robert Stein
Chairman

RS/MP/lm

c: Service List, dated February 19, 2016
