

**SHAGBARK LUMBER AND
FARM SUPPLIES, INC.**

**PETITION NO. 1215
FEBRUARY 18, 2016**

ANSWER TO THE SITING COUNCIL
INTERROGATORIES SET ONE
RESPONSE TO NOS. 11, 12, 20 and 21

ORIGINAL

11. The estimated volume of cut is 2,400 cubic yards
The estimated volume of fill is 1,900 cubic yards.

12. The petitioner will utilize the existing access to the lumber yard from Mt. Parnassus Road to access the proposed gravel road and then continue along the proposed gravel service road to reach the solar facility.

The existing access route is approximately six hundred (600) feet in length.

The existing access route is processed aggregate and will NOT require any upgrades to make it suitable for the construction and maintenance of the solar facility.

20. The project is NOT located within an aquifer protection area.

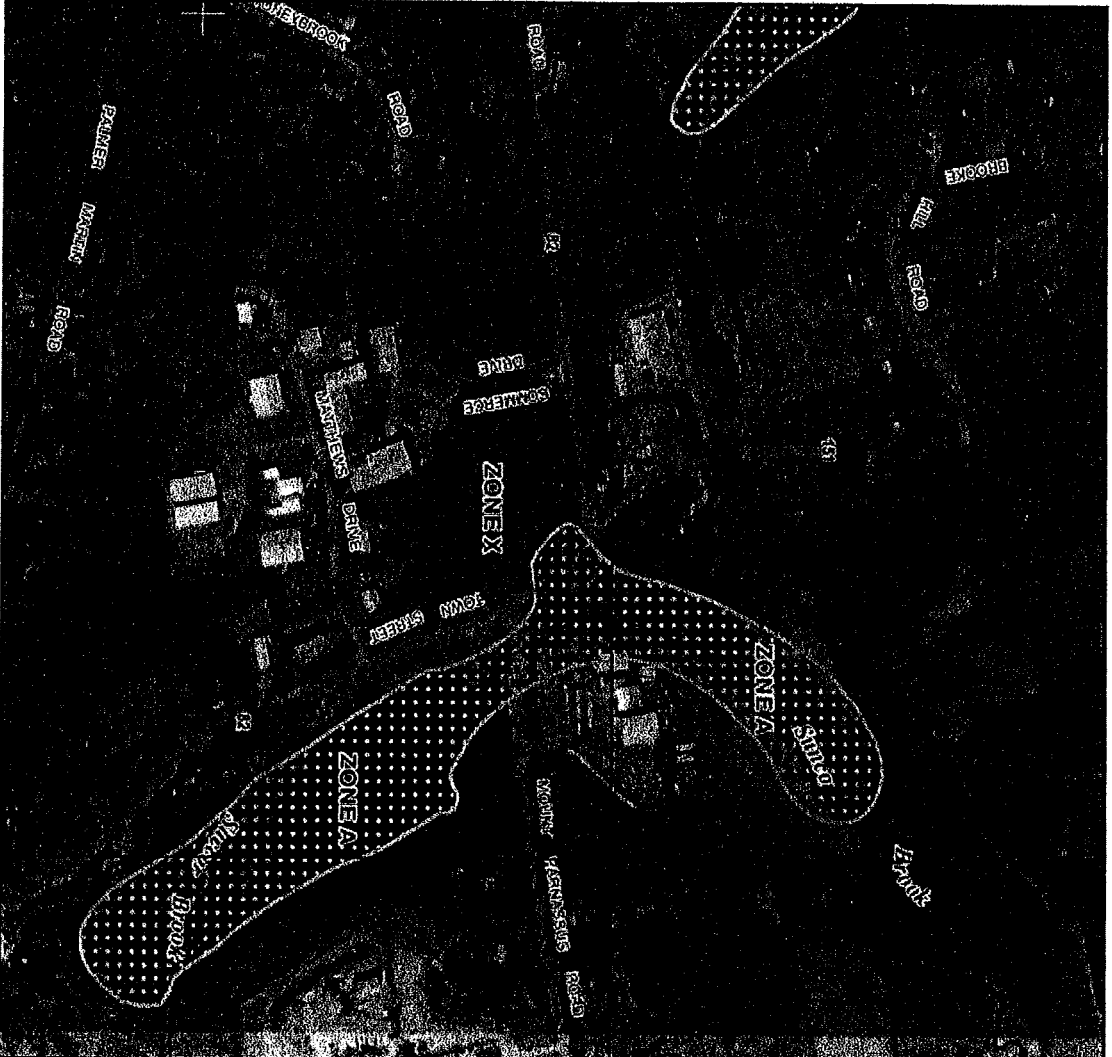

21. A copy of the Federal Emergency Management Agency flood zone map (No. 09007C0254G) is attached.

Re: Petition of Shagbark Lumber and Farm Supplies, Inc.(hereinafter referred to as “Shagbark”) to the Connecticut Siting Council for a Declaratory Ruling for the Location and Construction of a 1.6 Megawatt Solar Electric Generating Facility at 21 Mount Parnassus Road, East Haddam, CT.

To the Persons on the Attached List:

Pursuant to Section 16-50j-40 of the Connecticut Siting Council’s (the Council) regulations, we are notifying you that Shagbark intends to file on or shortly after January 26, 2016, a petition for declaratory ruling with the Council. The petition will request the Council’s approval of the location and construction of approximately 1.6 megawatt (“MW”) solar electric generating facility (the “Facility”) at 21 Mount Parnassus Road, East Haddam, Connecticut.

The Facility will be a facility (as defined in Connecticut General Statutes §16-1 (a)(38) under 65 MW that complies with the air and water quality standards of the Connecticut Department of Energy and Environmental Protection (“DEEP”), and that will not have a substantial adverse environmental effect. Electricity generated by the Facility will be exported to the electric grid.

If you have any questions regarding the proposed Facility, please contact any of the following:
