Re: Shagbark Lumber and Farm Supplies, Inc.
- Petition No. 1215 -

Dear Attorney Bachman:

As part of the development of a photovoltaic solar-powered electric generating facility to be located in East Haddam, Connecticut, as described in the above-referenced petition, which was to be owned and operated entirely by Shagbark Lumber and Farm Supplies, Inc, Shagbark is in the process of transferring the project ownership, assets, and liabilities to a newly formed Connecticut limited liability company, RER CT 57 LLC, in which Shagbark will continue to own a five per cent interest. Shagbark will continue as counterparty on the Virtual Net Metering Credit Assignment Agreement and as Customer on the Interconnection Agreement with Eversource, but will be assigning the LREC contract to RER CT 57 LLC.

Accordingly, henceforth all communication relating to the project should be directed to RER CT 57 LLC as follows:
