Subject: Petition 1217: Sunday Construction hours

Dear Melanie Bachman:

Eversource is requesting Sunday work hours (7 a.m. to 7 p.m.) on October 30 from Council staff for work at the Bloomfield Substation. The reason for the request is due to a revised outage schedule for testing equipment within the control enclosure. The work will not require any large equipment and will be primarily confined to the construction trailers and control enclosure.

Municipal officials and abutters will be contacted about this work in advance of work activities.

If you have any questions or concerns about this work, please let me know.
