Dear Ms. Shanley:

The Connecticut Siting Council (Council) is in receipt of the email correspondence dated May 17, 2017, regarding temporary changes to work hours for the above-referenced project that was approved by the Council on May 26, 2016.

Pursuant to Condition No. 8 of the Council's Decision on May 26, 2016 and page 7 of the Council staff report, your request to perform work from 7:00 am to 7:00 p.m. on Sunday, May 21, 2017 in the vicinity of Structure No. 1452 in Oxford to Structure No. 1468 in Middlebury is hereby approved. The Sunday work hours are necessary due to the inclement weather on Saturday, May 13, 2017 and the need to complete work during a scheduled outage.

This approval applies only to the request for changes to work hours dated May 17, 2017. Any significant changes to the project require advance Council notification and approval.

Subject: Petition No. 1226: Proposed Sunday Work Hours

Petition No. 1226: Towantic Switching Station and Line Modification Project (Project)
Proposed Sunday Work Hours: 7 AM to 7 PM on May 21, 2017 in the Towns of Oxford and Middlebury

Dear Ms. Bachman:

Pursuant to the Connecticut Siting Council (Council's) ruling for the above referenced Petition on May 26, 2016, The Connecticut Light and Power Company doing business as Eversource Energy (Eversource) requests that Council staff review and approve Sunday work hours for May 21, 2017. This request is being made due to the inclement weather last Saturday and the high winds this past Monday which restricted or prevented scheduled work and is needed to complete the work during the available outage. The activity on Sunday will extend from Structure 1452 near Woodriff Hill Road by the Towantic Switching Station to Structure 1468 near Wooster Road in the Towns of Middlebury and Oxford.

Eversource will provide notice to the Towns of Middlebury and Oxford regarding the proposed extended work hours.

Please do not hesitate to call me should you have any questions or concerns.

Thank you,
Regards,

Sue Bellion
