Re: PETITION NO. 1235 – Constellation NewEnergy, Inc. declaratory ruling that no Certificate of Environmental Compatibility and Public Need is required for the construction, maintenance, and operation of a 440-kilowatt customer-side combined heat and power fuel cell facility to be located at Middletown High School, 200 La Rosa Lane, Middletown, Connecticut (the “Petition”)

Dear Ms. Bachman:

Pursuant to Paragraph 7 of the July 22, 2016 letter from the Connecticut Siting Council (the “Council”) in response to the above-referenced Petition, Constellation NewEnergy, Inc. hereby notifies the Council of the completion of the facility described in the above-referenced Petition (the “Project”). The Project began commercial operation on December 21, 2016.

Please direct all future correspondence regarding the Project to:
