RE: **PETITION NO. 1238** - Eversource Energy declaratory ruling that no Certificate of Environmental Compatibility and Public Need is required for the proposed re-conductoring of 0.6 miles of its existing No. 1779 115-kilovolt (kV) electric transmission line between South Meadow Substation in Hartford and the east side of structure 3001 in East Hartford and for the proposed rebuilding of 4.6 miles of its existing No. 1779 electric transmission line within existing Eversource right of way extending from structure 3001.5 in East Hartford to South Windsor Junction in South Windsor, traversing the municipalities of Hartford, East Hartford, and South Windsor, Connecticut, and related transmission line structure and substation improvements.

Dear Ms. Taylor:

The Connecticut Siting Council (Council) is in receipt of your correspondence of November 15, 2017 regarding the temporary change to work hours for the above-referenced Project that was approved by the Council on October 27, 2016.

Pursuant to Condition No. 3 of the Council's Decision on October 27, 2016, your request to perform construction activities for the installation of new conductor on Sunday, November 19, 2017 from 8:00 a.m. to 5:00 p.m. from Structure No. 3022 in East Hartford to Structure No. 3046 in South Windsor is hereby approved. These construction work hours are requested due recent storm conditions in the area causing a delay in construction to be performed during the scheduled outage.

This approval applies only to the request for a temporary change to Project work hours dated November 15, 2017. Any significant changes to the Petition require advance Council notification and approval.

Thank you for your attention and cooperation.

Very truly yours,

Melanie A. Bachman
Executive Director

MB/RM

Subject: PET 1238: 1779 Line Proposed Sunday Work Hours (11/19)

Dear Melanie Bachman:

Eversource is requesting approval of Sunday work hours (8 a.m. to 5 p.m.) on November 19 from Council staff for installation of the new conductor from structures 3022 to 3046 within Eversource's rights-of-way located in East Hartford and South Windsor. The recent severe wind storm and heavy rain events delayed construction to be performed during the scheduled outage.

The municipal officials of East Hartford and South Windsor have been notified and the abutters will be contacted about this work in advance of work activities.

If you have any questions or concerns about this work, please contact me.
