RE: **PETITION NO. 1283** – The Connecticut Light and Power Company d/b/a Eversource Energy declaratory ruling that no Certificate of Environmental Compatibility and Public Need is required for the proposed modifications to the existing Southington Substation located at 315 Belleview Avenue, Southington, Connecticut.

Dear Ms. Taylor:

The Connecticut Siting Council (Council) is in receipt of the email correspondence dated January 26, 2018, regarding temporary changes to work hours for the above-referenced project that was approved by the Council on February 16, 2017.

Pursuant to Condition No. 1 of the Council's Decision on February 16, 2017 and page 3 of the Council staff report, your request to perform work from 9:00 am until 6:00 pm on Sunday, January 28, 2018 at Southington Substation is hereby approved. The Sunday work hours are necessary to support wiring and testing operations within the substation to meet a scheduled outage.

This approval applies only to the request for changes to work hours dated January 26, 2018. Any significant changes to the project require advance Council notification and approval.

Thank you for your attention and cooperation.

Very truly yours,

Melanie A. Bachman  
Executive Director

**Subject:** PET 1283 Sunday Hours 1/28

Dear Melanie Bachman:

Eversource is requesting approval of Sunday work hours (9 a.m. to 6 p.m.) on January 28 from Council staff for work at the Southington Substation. The work would be relay panel wiring and testing (quiet work) performed within the control enclosure. Due to delay in delivery of the relay panels, Eversource is requesting the Sunday hours to meet the scheduled outage.

Municipal officials have been informed of the work and abutters will be contacted about this work in advance of work activities.

Please contact me with any questions or concerns.
