RE: **PETITION NO. 1283** – The Connecticut Light and Power Company d/b/a Eversource Energy declaratory ruling that no Certificate of Environmental Compatibility and Public Need is required for the proposed modifications to the existing Southington Substation located at 315 Bellevue Avenue, Southington, Connecticut.

Dear Ms. Taylor:

The Connecticut Siting Council (Council) is in receipt of the email correspondence dated December 7, 2017, regarding temporary changes to work hours for the above-referenced project that was approved by the Council on February 16, 2017.

Pursuant to Condition No. 1 of the Council's Decision on February 16, 2017, your request to perform work from 7:00 p.m. to 9:00 p.m. on December 8, 2017 at Southington Substation is hereby approved. The extended work hours (beyond the currently approved 7:00 a.m. to 7:00 p.m. Monday through Saturday work window) are necessary to support live work within the new control house and distribution shed.

This approval applies only to the request for changes to work hours dated December 7, 2017. Any significant changes to the project require advance Council notification and approval.

Thank you for your attention and cooperation.

Very truly yours,

Melanie A. Bachman

**Subject:** PET 1283 Extended Hours for 12/8

Dear Melanie Bachman:

Eversource is requesting approval of extended work hours from 7 p.m. to 9 p.m. on Friday, December 8 from Council staff for work at the Southington Substation. The work that would be performed is in support of a live work being coordinated within the new 115-kV control enclosure and distribution shed at the Southington Substation. This is quiet work and no construction equipment will be required to support this activity.

Municipal officials and abutters will be contacted about this work in advance of work activities.

Please review and let me know if you have any questions or concerns.
