RE: **PETITION NO. 1286** - Eversource Energy declaratory ruling that no Certificate of Environmental Compatibility and Public Need is required for the proposed West Brookfield Reliability Project that includes reconductoring of approximately 1.4 miles of its existing No. 1887 115-kilovolt (kV) electric transmission line within existing Eversource electric transmission line right of way between the existing West Brookfield Substation located at 83 Prange Road and the existing West Brookfield Junction near Pocono Road in Brookfield, Connecticut, installation of two 14.4 Megavolt Ampere Reactive (MVAR) capacitor banks at the West Brookfield Substation located at 83 Prange Road, Brookfield, Connecticut and related substation and transmission line structure improvements.

Dear Ms. Shanley:

The Connecticut Siting Council (Council) is in receipt of the location and specifications for the concrete washout station submitted on September 28, 2017 in compliance with Condition No. 4 of the Council's May 26, 2017 Decision on the Development and Management Plan.

This acknowledgment applies only to the location and specifications for the concrete washout station dated September 28, 2017. Any significant changes to the above-referenced project require advance Council notification and approval.

Thank you for your attention and cooperation.

Very truly yours,
