Hartford, CT 06141-0270

RE: **PETITION NO. 1286** - Eversource Energy declaratory ruling that no Certificate of Environmental Compatibility and Public Need is required for the proposed West Brookfield Reliability Project that includes reconductoring of approximately 1.4 miles of its existing No. 1887 115-kilovolt (kV) electric transmission line within existing Eversource electric transmission line right of way between the existing West Brookfield Substation located at 83 Prange Road and the existing West Brookfield Junction near Pocono Road in Brookfield, Connecticut, installation of two 14.4 Megavolt Ampere Reactive (MVAR) capacitor banks at the West Brookfield Substation located at 83 Prange Road, Brookfield, Connecticut and related substation and transmission line structure improvements.

Dear Ms. Bellion:

The Connecticut Siting Council (Council) is in receipt of your email correspondence dated November 16, 2017, regarding temporary changes to work hours for the above-referenced project that was approved by the Council on March 16, 2017.

Pursuant to Condition No. 1 of the Council's Decision of March 16, 2017, your request to perform work from 8 AM to 6 PM on the following Sundays: November 26, December 3, December 10, and December 17, 2017 during scheduled outages is hereby approved. The additional work hours are necessary to recover from work time lost due to recent storm events and to coincide with scheduled December outages.

This approval applies only to the request for changes to work hours in your email correspondence dated November 16, 2017. Any significant changes to the project require advance Council notification and approval.

Thank you for your attention and cooperation.

Very truly yours,

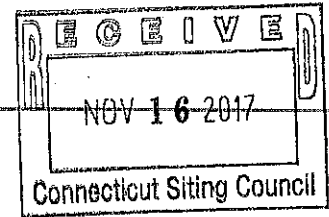

Melanie A. Bachman
Executive Director

Subject: Petition No. 1286 Sunday Work Hours

Hi Melanie:

Eversource is requesting Sunday work hours for the project approved under the subject petition for Sunday, November 26, 2017; Sunday, December 3, 2017; Sunday, December 10, 2017 and Sunday, December 17, 2017. The work activity will be primarily within the existing control house with some work within the expanded substation on Prange Road in the Town of Brookfield and will occur from 8AM to 6PM. The work will not involve the use of any heavy machinery. These Sunday work hours are needed to recover from lost time due to delays associated with the recent storm and to do work during the available outage in December.

Eversource has provided notice to the Town of Brookfield regarding these proposed Sunday work hours.

Thank you for consideration of this request.
