RE: **PETITION NO. 1286** - Eversource Energy declaratory ruling that no Certificate of Environmental Compatibility and Public Need is required for the proposed West Brookfield Reliability Project that includes reconductoring of approximately 1.4 miles of its existing No. 1887 115-kilovolt (kV) electric transmission line within existing Eversource electric transmission line right of way between the existing West Brookfield Substation located at 83 Prange Road and the existing West Brookfield Junction near Pocono Road in Brookfield, Connecticut, installation of two 14.4 Megavolt Ampere Reactive (MVAR) capacitor banks at the West Brookfield Substation located at 83 Prange Road, Brookfield, Connecticut and related substation and transmission line structure improvements.

Dear Ms. Bellion:

The Connecticut Siting Council (Council) is in receipt of your email correspondence dated September 14, 2017, regarding temporary changes to work hours for the above-referenced project that was approved by the Council on March 16, 2017.

Pursuant to Condition No. 1 of the Council's Decision of March 16, 2017, your request to perform work from 8 AM to 7 PM on Sunday, September 17, and Sunday September 24, 2017 during scheduled outages is hereby approved. The additional work hours are necessary to account for the rescheduling of construction work at the substation.

This approval applies only to the request for changes to work hours in your email correspondence dated September 14, 2017. Any significant changes to the project require advance Council notification and approval.

Thank you for your attention and cooperation.

Very truly yours,

Melanie A. Bachman
Executive Director

Subject: Petition 1286 - West Brookfield Reliability Project

Hi Melanie:

Eversource is requesting Sunday work hours for the project approved under the subject petition for Sunday, September 17, 2017 and Sunday, September 24, 2017. The work activity will be within the construction area for the expanded substation on Prange Road in the Town of Brookfield and will occur from 8AM to 7PM. These Sunday work hours are needed to recover from delays associated with last week's outage re-scheduling and to complete the work during the available outage.

Thank you for consideration of this request.
