TO: Larry Levesque

FROM: Melanie Bachman, Executive Director *MAB*

RE: **PETITION NO. 1287** - Eversource Energy petition for a declaratory ruling that no Certificate of Environmental Compatibility and Public Need is required for the proposed Redding to Wilton Project that includes structure and conductor replacements of approximately 5 miles of its existing No. 1470 115-kilovolt electric transmission line within existing Eversource electric transmission line right of way between the existing Peaceable Station located at 520 Peaceable Street in Redding, Connecticut and the existing Wilton Substation located at 53 Old Danbury Road in Wilton, Connecticut, and related substation and transmission line structure improvements.

The Connecticut Siting Council has scheduled a field inspection of this petition for Wednesday, February 15, 2017, beginning at 10:00 a.m. Interested parties should meet at the Wilton Substation at 53 Old Danbury Road, Wilton, (entrance is at intersection of Route 7 and Powder Horn Hill Road).

Portions of the field review will be outside and may occur in rough terrain; please bring appropriate footwear.

c: Secretary of the State

Honorable Julia Pemberton, First Selectman, Town of Redding
